Medora Corporation

GridBee SolarBee

BeeKeeper Terms & Conditions for SolarBee and GridBee Floating Mixers:

1. Universal Damage Repair for Medora Corporation Manufactured Equipment

All structural repairs and replacement parts needed for Medora Corporation manufactured equipment caused by damage incurred due to events such as: acts of nature, accidents and vandalism are covered.

2. Medora Corporation Electronics Hardware, Software, & Firmware Upgrades

Upgrades to hardware, software, and firmware manufactured by Medora Corporation are included at no charge as they become available. The heart of the superb SolarBee/GridBee is the large low-rpm digital brushless high-torque motor, PV modules, battery system, and computerized power management system (including brain board, logic board, self-diagnostics, motor controller, charge controller, data logger, GPS receiver, & communication outputs). Medora Corporation has invested millions of dollars to develop these computerized controls and continually improve them for increased machine performance, self-diagnostics, self-repair, and reliability.

3. Access To On-Staff Water Quality Experts

Our water quality experts are available for data analysis and application troubleshooting if a need arises. Medora Corporation obtained water quality data and customer water quality data will be analyzed including expert review and free conference calls to discuss water quality issues. Medora Corporation employs many experts in the water quality field including specialized areas such as limnology, hydrology, wastewater, biology, and engineering.

4. Annual Maintenance of the Medora Corporation Manufactured Equipment

The power system, impeller, intake and structural components of the Medora Corporation manufactured equipment are inspected. The solar modules and flow dish are adjusted and cleaned. In all, a complete inspection is performed for mechanical, structural, and electronic items. All necessary or advisable machine repairs and/or upgrades for Medora Corporation manufactured equipment are also made.

5. Maintenance on Third Party Equipment Supplied by Medora Corporation

Medora Corporation service crew will complete general cleaning and maintenance checks on third party equipment. However, all repairs and warranty claims will go through the equipment's direct manufacturer. Any repair costs not covered under warranty are the owner's responsibility.

6. Onsite Crew Response For Critical Application & Operational Service Issues

If service issues arise, the customer may be asked to perform a basic machine inspection and discuss results with our Customer Service Department. In some cases, the customer may be asked perform minor tasks (i.e., cleaning the solar panels, changing a fuse, replacing other minor parts). If replacement parts are needed, the factory will ship them out at no cost. For more serious application and service issues, Medora Corporation will dispatch a crew to resolve the issues onsite.

7. Removal, Storage, and Redeployment of Potable Water Units.

If Medora Corporation equipment needs to be removed for any reason, Medora Corporation offers removal, storage, and redeployment at a discounted rate. Contact Medora Customer Service for a removal and redeployment quote.

8. The Importance Of Having A Service Program

All SolarBee/GridBee machines deployed at a particular location must be covered under the same BeeKeeper term. If a machine is not covered under a BeeKeeper Service Program within one year of initial deployment, or if a BeeKeeper Service Program is allowed to lapse, a pre-enrollment inspection may be required to enroll / re-enroll at standard service rates.

9. Currency

All prices are shown in U.S. Dollars and all payments must be made in U.S. Dollars.

10. Payment Terms

The start date for a BeeKeeper Service Program is the first of the month following notification of acceptance or at a time designated by the Customer (always on the first of a month). Invoices are issued within 30 days of the start date with payment due 30 days from invoice date. Currency is in U.S. Dollars.

11. Taxes & Governmental Fees

Unless otherwise indicated, no taxes, tariffs, or other governmental fees are included in the costs shown above. Taxes and fees of all types relating to this sale being imposed on Medora Corporation or the customer are the customer's responsibility to pay whether they are learned of before or after the customer orders this program. These include but are not limited to: all local, state, and federal taxes including sales and use taxes, and business privilege taxes. The customer's purchase order should indicate any taxes or fees due on equipment and/or services. The customer will distinguish whether they will pay any fees / taxes directly to the governing body or to Medora Corporation for Medora Corporation to submit to the governing body.

12. Liability

In no event will Medora Corporation or its affiliates be liable for any lost profits or use or other punitive, special, exemplary, consequential, incidental or indirect damages, however caused, on any theory of liability. Medora Corporation and its affiliates expressly disclaim any and all express or implied conditions, representations, and warranties on products furnished hereunder, including without limitation all implied warranties of merchantability or fitness for a particular purpose.
