Application for HISTORIC LANDMARK

The purpose of this program is to promote the awareness, appreciation, and pride in homes and other buildings, structures, and sites that contribute to the historic heritage and character of the Village and to designate those with the highest level of significance as Historic Landmarks.

This Application form is to be filled out and returned to the Finance Department for all properties proposed to be designated as Historic Landmarks. Upon receipt of this application and related documentation, the Finance Department will schedule a public hearing and review at the next available meeting of the Historic Preservation Commission. Upon a vote of recommendation by the HPC, the Finance Department will schedule a review at the next available regular meeting of the Village Council. Upon a vote of approval by the Council, the Village will issue a Historic Landmark Plaque.

Criteria for approval and other regulations for this program are in Section 1494 of the Village Code. All codes, forms, maps, meeting agendas, and minutes are available on the Village website, at the Kaptur Administrative Center at the address above, by fax, or by email.

Everyone is encouraged to contact Finance Department staff for assistance. We hope to make this process as clear as possible. Thank you for your efforts to preserve the historic character of Palos Park.
