Important Notice

Current Village Code: National Electric Code
 2005 Edition with addendums.

A permit must be obtained for all installations or alterations of electrical equipment **BFORE WORK STARTS**. Permits will be issued only to registered electrical contractors in conformance with the Ordinances of the Village of Palos Park. The permit will authorize only the work here applied for.

Additional work will require additional permits

Contractors shall not make connection to existing wiring where same is defective. In all cases, contractor installing apparatus in addition to existing load, shall be held responsible for any overload of service. A violation of the Ordinance of the Village of Palos Park governing the installation and alteration of electrical equipment is punishable as defined in the Electrical Code of Palos Park.
