

MEETING AGENDA

Village Council

Mayor John Mahoney

Village Clerk Marie Arrigoni

Commissioner Dan Polk

Commissioner Nicole Milovich-Walters

Commissioner G. Darryl Reed

Commissioner James Pavlatos

REVISED 3/11/2022

Monday, March 14, 2022

7:30 PM

Kaptur Administrative Center

1) CALL TO ORDER

2) ROLL CALL

3) PLEDGE OF ALLEGIANCE

4) APPROVAL OF MINUTES

A. Regular Council meeting of February 14, 2022

5) RECOGNITION/PROCLAMATIONS/APPOINTMENTS/PRESENTATIONS

6) HEARINGS

A. Public hearing to provide interested parties an opportunity to express their view on the proposal to sell alternate bonds in the amount of not to exceed \$3,000,000 for the purpose of repairing, maintaining, and improving Village roads and roadway drainage systems, and other related capital projects

7) CONSENT AGENDA

All items on the consent agenda are routine or have been brought forward at the direction of the Board of Commissioners and will be enacted with one motion. If discussion is desired, that item will be removed from the consent agenda and considered separately

A. To adopt Ordinance 2022-07 - An Ordinance Amending Part Ten, Title Four, Chapter 1049, Section 1049.01 of the Palos Park Village Code in regard to Waste Collection Charges. The ordinance establishes the rate charged for single-family residential waste collection through March 31, 2023

B. To ratify payment of invoices on the Warrant List dated February 28, 2022 in the amount of \$64,297.43

C. To approve payment of invoices on the Warrant List dated March 14, 2022 in the amount of \$79,165.98

- D. To approve the Supplemental Warrant List dated March 14, 2022 for manual checks, payroll, and recurring wire transfers in the amount of \$368,865.70

8) OLD BUSINESS

9) BOARD, COMMISSION AND COMMITTEE RECOMMENDATIONS

- A. To consider Zoning Board of Appeals recommendation to adopt an ordinance approving a front yard setback variation (12100 South 88th Avenue) – the Ordinance states the Village council approves and adopts the findings and recommendations of the Zoning Board of Appeals for a 13.395 foot variation from the 76.395 foot minimum front yard setback relative to the construction of a new single-family residence

10) INFORMATION & UPDATES

- A. Public Works and Streets, Recreation Report
 - 1. To waive the bidding process to purchase a Ford Utility Interceptor from the Suburban Purchasing Cooperative at a cost of \$35,376.00
 - 2. To approve the proposal from Clifford-Wald in the amount of \$16,295.00 to purchase a new large format printer
- B. Building and Public Property Report
 - 1. Building Department Report
- C. Public Health and Safety Report
 - 1. Police Activity Report
- D. Accounts and Finances Report
- E. Mayor's Report
- F. Clerk's Report

 - 1. To approve the proposal from Sound Incorporated for updated audio, video monitoring and streaming equipment for the Council Room for a cost of \$38,460.00 with \$30,000.00 expended from the FY22 budget and \$8,460.00 from the proposed FY23 budget

11) ANNOUNCEMENTS

12) CITIZENS AND VISITORS COMMENT PERIOD

13) ADJOURNMENT OF REGULAR MEETING

**MINUTES OF THE BOARD OF COMMISSIONERS'
REGULAR MEETING
HELD ON FEBRUARY 14, 2022**

The Board of Commissioners of the Village of Palos Park, Cook County, Illinois held its regular meeting on Monday, February 14, 2022. Mayor Mahoney called the meeting to order at 7:30 p.m. Answering to roll call were Commissioners Reed, Milovich-Walters, Polk, and Mayor Mahoney.

Also in attendance were Marie Arrigoni, Village Clerk; Rick Boehm, Village Manager; Howard Jablecki, Village Attorney; Michael Sibrava, Public Works Director; Mark Herman, Community Development Director; Allen Altic, Finance Director; Joe Miller, Police Chief; Kathie May, Community Development Coordinator; and Lisa Boyle, Deputy Clerk.

APPROVAL OF MINUTES OF THE REGULAR COUNCIL MEETING HELD ON January 24, 2022: Commissioner Polk moved, seconded by Commissioner Milovich-Walters, to approve the minutes of the Regular Council Meeting held on January 24, 2022, as presented.

On the call of the roll, the vote was as follows:

AYES: -4- Commissioners Reed, Milovich-Walters, Polk, and Mayor Mahoney

NAYS: -0-

ABSENT: -0-

RECOGNITIONS/PROCLAMATIONS/APPOINTMENTS/PRESENTATIONS: Mayor Mahoney presented an appointment recommendation for Amanda Neely to join the Palos Park Library Board of Trustees with a term to expire June 1, 2023. Amanda would fill the remaining term of Michael Tannura, who resigned from the Library Board last November. The Board of Trustees of the Palos Park Library voted unanimously at their December 15, 2021 meeting to recommend the appointment of Amanda Neely as Trustee to the Library Board for a term to expire June 1, 2023.

Commissioner Reed moved, seconded by Commissioner Milovich-Walters to approve the appointment of Amanda Neely to the Palos Park Library Board of trustees with a term to expire June 1, 2023.

On the call of the roll, the vote was as follows:

AYES: -4- Commissioners Reed, Milovich-Walters, Polk, and Mayor Mahoney

NAYS: -0-

ABSENT: -0-

HEARINGS: None.

CONSENT AGENDA

All items on the consent agenda are routine or have been brought forward at the direction of the Board of Commissioners and will be enacted with one motion. If discussion is desired, that item will be removed from the consent agenda and considered separately.

Commissioner Polk moved, seconded by Commissioner Milovich-Walters to:

- A. To adopt an Ordinance declaring certain personal property owned by the Village as surplus and authorizing the sale of same – the Ordinance states the Village has a 2008 Ford Expedition which is no longer necessary or useful and the best interest of the Village would be served by the sale of same at the next available auction at Richie Brothers in Morris, IL for the best price offered
- B. To approve payment of invoices on the Warrant List dated February 14, 2022 in the amount of \$112,537.81
- C. To approve the Supplemental Warrant List dated February 14, 2022 for manual checks, payroll, and recurring wire transfers in the amount of \$512,855.42

On the call of the roll, the vote was as follows:

AYES: -4- Commissioners Reed, Milovich-Walters, Polk, and Mayor Mahoney

NAYS: -0-

ABSENT: -0-

OLD BUSINESS: None

BOARD, COMMISSION AND COMMITTEE RECOMMENDATIONS: None

INFORMATION & UPDATES:

COMMISSIONER OF PUBLIC WORKS AND STREETS/RECREATION & PARKS, NICOLE MILOVICH-WALTERS:

PROPOSAL FOR NEW GENERATOR FOR THE 93RD STREET LIFT STATION: Commissioner Milovich-Walters presented a proposal from Metropolitan Industries and Airy's Inc. in the amount of \$28,674.64 to purchase and install a new generator for the 93rd Street Lift Station. This lift station handles several homes near Mill Creek and when power is lost for a prolonged period, Public Works must drive a generator to the site. Public Works put \$40,000.00 in this year's budget to cover the cost of the new generator.

Commissioner Milovich-Walters moved, seconded by Commissioner Reed to waive the bidding process, and approve the proposals from Metropolitan Industries and Airy's Inc. in the amount of \$28,674.64

On the call of the roll, the vote was as follows:

AYES: -4- Commissioners Milovich-Walters, Reed, Polk, and Mayor Mahoney

NAYS: -0-

ABSENT: -0-

PROPOSAL FROM BLUEBOOK FOR PORTABLE PUSH CAMERA: Commissioner Milovich-Walters presented a proposal from Bluebook to purchase a new portable push camera. The camera would be used for televising storm and sanitary sewers in areas where a vehicle cannot reach.

Commissioner Milovich-Walters moved, seconded by Commissioner Reed to approve the proposal from Bluebook in the amount of \$11,277.05 to purchase a new portable push camera.

On the call of the roll, the vote was as follows:

AYES: -4- Commissioners Milovich-Walters, Reed, Polk, and Mayor Mahoney

NAYS: -0-

ABSENT: -0

SEWAGE PUMP FOR THE 91ST STREET LIFT STATION: Commissioner Milovich-Walters presented a proposal from Flow-Technics, inc. for a new sewage pump for the 91st Street Lift Station. Pumps at this location are over 10 years old and there is not spare. There is money in the Public Works budget for this purchase.

Commissioner Milovich-Walters moved, seconded by Commissioner Reed to approve the proposal from Flo-Technics in the amount of \$6,696.00 to purchase a new sewage pump for the 91st Street lift station.

On the call of the roll, the vote was as follows:

AYES: -4- Commissioners Milovich-Walters, Reed, Polk, and Mayor Mahoney

NAYS: -0-

ABSENT: -0

COMMISSIONER OF BUILDING & PUBLIC PROPERTY, G. DARRYL REED:

HIRING LANDSCAPERS: Commissioner Reed reminded residents if you hire landscapers to work on your house this spring and summer, please remember that contractors need to be registered with the Village of Palos Park.

BUILDING DEPARTMENT REPORT: Commissioner Reed reported that the Building Department processed five (5) permits from January 18, 2022 – February 8, 2022, resulting in \$1,475.00 in permit fees. Fourteen (14) inspections were completed during this time period. Fiscal year to date amount in permit fees is 207,417.77.

PUD EXTENSION: Commissioner Reed presented Ordinance 2022-06 - An Ordinance Providing for the Further Extension of the Time Period for Compliance with Section 1274.05(G)(4) Of The Palos Park Village Code by an Additional Twelve (12) Months, with respect to the Commercial Planned Development Approved Pursuant to Ordinance No. 2017-33, Adopted December 11, 2017, Entitled “An Ordinance Approving a Commercial Planned Development in the B-2 General Retail and Wholesale Business District, Granting Commercial Development Construction and Landscaping Criteria Approval and Granting Certain Landscaping Variations in relation thereto (9520 West 131st Street)” The owner of the property filed a timely request for an extension of twelve (12) months for the commercial planned unit development project at 9520 West 131st Street.

Commissioner Reed moved, seconded by Commissioner Milovich-Walters to pass Ordinance 2022-06 – An Ordinance Providing for the Further Extension of the Time Period for Compliance with Section 1274.05(G)(4) Of The Palos Park Village Code by an Additional Twelve (12) Months, with respect to the Commercial Planned Development Approved Pursuant to Ordinance No. 2017-33, Adopted December 11, 2017, Entitled “An Ordinance Approving a Commercial Planned Development in the B-2 General Retail and Wholesale Business District, Granting Commercial Development Construction and Landscaping Criteria Approval and Granting Certain Landscaping Variations in relation thereto (9520 West 131st Street)”.

On the call of the roll, the vote was as follows:

AYES: -4- Commissioners Reed, Milovich-Walters, Polk, and Mayor Mahoney

NAYS: -0-

ABSENT: -0-

COMMISSIONER OF PUBLIC HEALTH AND SAFETY, DANIEL POLK:

POLICE ACTIVITY REPORT: Commissioner Polk reported the Police Department received 1840 calls for service from January 24, 2022, through February 13, 2022. Palos Park Police also issued 11 adjudication tickets, 7 traffic tickets, 9 written warnings, 2 verbal warnings, completed 33 case reports, 13 accident reports, 2 arrested adult, 0 juvenile, 0 impounds, 9 senior checks, 16 citizen assists.

2022 POLAR PLUNGE: Commissioner Polk announced the Palos Park Police Departments 2022 Polar Plunge fundraising event to support the local athletes of Special Olympics Illinois. The event will be Saturday March 5, 2022 in Manteno. Visit plungeillinois.com to learn more and help the PPPD raise funds for Special Olympics.

NATIONAL RANDOM ACTS OF KINDNESS DAY: Commissioner Polk announced Thursday February 17th is National Random Acts of Kindness Day. Join the Palos Park Police Department and spread kindness throughout the park.

COMMISSIONER OF ACCOUNTS AND FINANCES: None

MAYOR'S REPORT:

CONSIDERATION OF AN ORDINANCE-VIDEO GAMING: Mayor Mahoney presented An Ordinance Amending Part Six, Chapter 698 and Part Eight, Title Two, Chapter 804 and 808 of the Palos Park Village Code in Regard to Video Gaming. Mayor Mahoney presented background information and the history of the proposed Ordinance. Ordinance 2022-04 has been revised to only include Class G liquor license holders (Golf Courses) to have the opportunity to apply for a Class VG liquor license.

The draft ordinance would:

- Prohibit video gaming cafes where more than 49% of the revenues would be from video gaming.
- Allow for the play of video games only during permitted hours of liquor sales.
- Video gaming terminals to be in a separate enclosed room or area and restricted to persons 21 years of age and older.
- Allow for the total number of video gaming terminals per establishment at six (6).
- Prohibit video gaming signage to be seen from the exterior of any establishment.
- Require video surveillance of the video gaming terminal area with a minimum of thirty (30) days of video recording storage.
- Each approved establishment will be required to have a direct connect burglar alarm system to the Village's Police Department.
- Annually assess \$100 per video terminal operated in the Village of Palos Park in addition to the annual cost of a liquor license and other licenses.
- Prohibit sounds emanating from any video gaming terminal to be audible outside of the gaming room or gaming area.

Commissioner Reed initiated the discussion and asked the question as to "why" the Council is considering the Ordinance. Mayor Mahoney, followed by Commissioners Milovich-Walters and Polk all stated their views in making this decision. Mayor Mahoney questioned Section 808.30 (a)(9) regarding

the approval of a site plan by the Village Manager or designee. It was determined that the Ordinance be amended to state that the site plan be approved by the "Village Council" instead of "Village Manager or designee." Mayor Mahoney entertained the motion to adopt Ordinance 2022-04 – An Ordinance Amending Part Six, Chapter 698 and Part Eight, Title Two, Chapters 804 and 808 of the Palos Park Village Code in Regard to Video Gaming with the amendment that Section 808.30(a)(9) be amended to delete Village Manager or Designee and replace it with Village Council. Commissioner Reed voted against the Ordinance.

Commissioner Milovich-Walters moved, seconded by Commissioner Polk to adopt Ordinance 2022-04 – An Ordinance Amending Part Six, Chapter 698 and Part Eight, Title Two, Chapters 804 and 808 of the Palos Park Village Code in Regard to Video Gaming with the amendment that Section 808.30(a)(9) be amended to delete Village Manager or Designee and replace it with Village Council.

On the call of the roll, the vote was as follows:

AYES: -3- Commissioners Milovich-Walters, Polk, and Mayor Mahoney

NAYS: -1- Commissioner Reed

ABSENT: -0-

CLERK'S REPORT: Clerk Arrigoni had no formal report this evening.

MANAGER'S REPORT: Manager Boehm had no formal report this evening.

CITIZENS AND VISITORS COMMENT PERIOD: None

ADJOURNMENT OF REGULAR COUNCIL MEETING: There being no further business, Commissioner Reed moved, seconded by Commissioner Milovich-Walters, to adjourn the meeting at 8:29 p.m.

On the call of the roll, the vote was as follows:

AYES: -4- Commissioners Reed, Milovich-Walters, Polk, and Mayor Mahoney

NAYS: -0-

ABSENT: -0-

Respectfully submitted,

Lisa M. Boyle, Deputy Village Clerk

Meeting of: March 14, 2022

7:30 PM

Kaptur Administrative Center

AGENDA MATTER:

Order calling a public hearing concerning the intent of the Village Council of the Village of Palos Park, Cook County, Illinois, to sell not to exceed \$3,000,000 General Obligation Bonds (Alternate Revenue Source) for the purpose of repairing, maintaining, and improving Village roads and roadway drainage systems, and other related capital projects.

BACKGROUND/HISTORY:

The Village intends to sell General Obligation, alternate revenue bonds, in the amount of \$3,000,000 for the purpose of repairing, maintaining, and improving Village roads and roadway drainage systems, and other related capital projects. A public hearing concerning the potential sale of the bonds is required by State law. The Village published notice of tonight's public hearing in the Daily Southtown on March 4th, 2022. A timetable for events and deadlines related to the bond sale is included in your packet.

STAFF RECOMMENDATION:

Staff recommends that Council open the public hearing for public comment concerning the sale of bonds in the amount of \$3,000,000 for the purpose of repairing, maintaining and improving Village roads and roadway drainage systems, and other related capital projects.

RECOMMENDED MOTION:

I move to open the public hearing for public comment concerning the intent of the Village Council of the Village of Palos Park, Cook County, Illinois, to sell not to exceed \$3,000,000 General Obligation Bonds (Alternate Revenue Source) for the purpose of repairing, maintaining, and improving Village roads and roadway drainage systems, and other related capital projects.

AGENDA MATTER:

Ordinance Establishing Waste Collection Charges through March 31, 2023

BACKGROUND/HISTORY:

At the Council meeting of February 8, 2021, the Village Council approved a five (5) year agreement with Republic Services of Crestwood beginning April 1, 2021 through March 31, 2026.

The Ordinance being presented reflects the agreed upon rate for April 1, 2022 – March 31, 2023 of \$22.67 for the waste hauler portion of the monthly waste collection service charge.

STAFF RECOMMENDATION:

Staff recommends the adoption of Ordinance 2022-07 that establishes the rate charged for single family residential waste collection through March 31, 2023.

RECOMMENDED MOTION:

I move to approve Ordinance 2022-07 “An Ordinance Amending Part Ten Title Four, Chapter 1049, Section 1049.01 of the Palos Park Village Code in Regard to Waste Collection Charges”

ORDINANCE NO. 2022 – 07

**AN ORDINANCE AMENDING PART TEN,
TITLE FOUR, CHAPTER 1049, SECTION 1049.01
OF THE PALOS PARK VILLAGE CODE IN
REGARD TO WASTE COLLECTION CHARGES**

BE IT ORDAINED by the Village Council of the Village of Palos Park, Cook County, Illinois, as follows:

SECTION 1: That, effective April 1, 2022, Part Ten, Title Four, Chapter 1049, Section 1049.01 of the Palos Park Village Code is amended to read in its entirety as follows:

1049.01 WASTE COLLECTION CHARGE IN R-1-A DISTRICTS.

- (a) There is hereby established a waste collection service charge per month per detached single-family residence located in an R-1-A One-Family Dwelling District, which shall consist of the waste hauler charge, as set forth in subsection (b) below, plus the Village service fee, as set forth in subsection (c), plus the tree branch chipping (recycling) fee, as set forth in subsection (d).
- (b) The waste hauler portion of the monthly waste collection service charge, as referenced in subsection (a) above, shall be as follows:
 - (1) April 1, 2022 through March 31, 2023 – \$22.67;

SECTION 2: That this Ordinance shall be in full force and effect from and after its adoption, approval and publication in pamphlet form as provided by law.

ADOPTED this 14th day of March, 2022, pursuant to a roll call vote as follows:

AYES: -0-

NAYS: -0-

ABSENT: -0-

APPROVED by me this 14th day of March, 2022.

Kaptur Administrative Center

AGENDA MATTER:

ZBA 2020 - 05: An application has been filed requesting a variation from the requirements of Section 1268.02(e) of the Palos Park Village Code in regard to front yard setbacks, to permit the construction of a new single-family residence. Where the required front yard setback is 76.395 feet, the applicant is requesting a front yard setback of 63 feet at the property commonly known as 12100 South 88th Avenue in Palos Park, IL.

The current request pertains to a previously approved variance that has expired pursuant to Section 1264.09 of the Village Code.

BACKGROUND:

The subject property, commonly known as 12100 South 88th Avenue, is zoned R-1-A Single Family Residential and is currently vacant. The applicant proposes to construct a new single-family dwelling with a 63 foot front yard setback instead of the required 76.395 foot front yard as required by Section 1268.02(e) of the Palos Park Village Code.

In 2020 the applicant initially requested the variance. The Village Council approved Ordinance 2020-17 on June 22, 2020 authorizing the variance (the Council vote was 3-0 with 2 absent). The applicant has submitted for building permit, which has not yet been issued. The project has been subject to delays in engineering design. Additional issues with COVID-19 and supply chains have also impacted the project timeline. The Village Council approved Ordinance 2021-19 on June 14, 2021 authorizing a six month extension of the variance request (the Council vote was 5-0). This extension expired in December with the applicant having not requested an additional extension. Per Section 1264.09 the previously approved variation has expired. The applicant has requested to re-establish the variance.

The subject property contains significant topographic challenges. A high point of 705.7 feet above sea level is located at the southeast corner of the property, which slopes to a low point of 694 feet at the mid-point of the north property line, for a total change in elevation of 11.7 feet. Due to this unusual physical condition on the site, locating the house in a manner that complies to the applicable front setback of 76.395 feet creates a burden as to the significant amount of grading required to develop the property. As such, the applicant proposes to locate the new dwelling 63 feet from the front lot line to minimize the amount of

grading necessary for construction. In addition, there are several trees to the rear of the site. Locating the structure closer to the front lot line will minimize construction impacts to those trees.

At the Public Hearing with the Zoning Board of Appeals, one resident spoke. The resident resides nearby on 121st Street. This neighbor was supportive of the request and is looking forward to the vacant lot being developed.

STAFF RECOMMENDATION

Staff has reviewed the application and recommends approval of a variance to allow for a 63 foot front yard setback as requested; to allow for the construction of a new single family dwelling on the property commonly known as 12100 South 88th Avenue.

ZONING BOARD OF APPEALS RECOMMENDATION:

The Zoning Board of Appeals met on Wednesday, April 9, 2022 to consider the variance request. Concurring with the Findings as outlined in the Staff Report, the Zoning Board of Appeals recommended that the Village Council approve the variance request for a 63 foot front yard setback, instead of the 76.395 foot front yard setback as required by Chapter 1268.02 (e) of the Village of Palos Park Code, to allow for the construction of a new single family home on the property commonly known as 12100 South 88th Avenue. The vote was five (5) yes, zero (0) no, with two (2) absent.

RECOMMENDED MOTIONS:

I move to approve Ordinance 2022 – 08 an Ordinance Approving a Front Yard Setback Variation to permit construction of a new single-family dwelling at the property commonly known as 12100 South 88th Avenue.

Attachments:

Ordinance 2022-08

Transmittal of Recommendation

Staff Report to the Village of Palos Park Zoning Board of Appeals

ORDINANCE NO. 2022 - 08

**AN ORDINANCE APPROVING
A FRONT YARD SETBACK VARIATION
(12100 SOUTH 88TH AVENUE)**

BE IT ORDAINED by the Village Council of the Village of Palos Park, Cook County, Illinois, as follows:

SECTION 1:

A. That on March 9, 2022, the Zoning Board of Appeals of the Village of Palos Park held a public hearing, pursuant to proper notice, relative to the variation set forth below.

B. That on March 9, 2022, the Zoning Board of Appeals of the Village of Palos Park recommended the variation hereinafter set forth to the Village Council.

C. The Village Council approves and adopts the findings and recommendations of the Zoning Board of Appeals and incorporates such findings and recommendations herein by reference as if they were fully set forth herein.

SECTION 2: That the following variation is limited to the property legally described as follows:

LOT 1 IN SZKIRPAN AND ZUNICA'S RESUBDIVISION OF LOT 3 AND THE EAST 26.00 FEET OF LOT 2 AND THAT PART OF VACATED 121ST STREET, LYING NORTH OF AND ADJACENT TO SAID LOT 3 AND THE EAST 26.00 FEET OF LOT 2, IN THE SUBDIVISION OF THE NORTHEAST 1/4 OF THE SOUTHEAST 1/4 OF THE NORTHEAST 1/4, ALSO THE EAST 333 FEET OF THE SOUTH 300 FEET OF THE NORTHWEST 1/4 OF THE SOUTHEAST 1/4 OF THE NORTHEAST 1/4 OF THE SOUTHEAST 1/4 OF SECTION 27, TOWNSHIP 37 NORTH, RANGE 12 EAST OF THE THIRD PRINCIPAL MERIDIAN, IN COOK COUNTY, ILLINOIS;

P.I.N.: 23-27-206-061;

Common Address: 12100 South 88th Avenue, Palos Park, Illinois.

SECTION 3: That a 13.395 foot variation (17.54%) from the 76.395 foot minimum front yard setback requirement of Section 1268.02(e) of the Palos Park Village Code is granted to the owner(s) of the above-described property, relative to the construction of a new single-family residence on the above-described property. [Decreasing the required front yard setback to 63.00 feet.]

SECTION 4: That this Ordinance shall be in full force and effect from and after its adoption and approval as provided by law.

ADOPTED this 14th day of March, 2022, pursuant to a roll call vote as follows:

AYES: - 0 -

NAYS: - 0 -

ABSENT: - 0 -

APPROVED by me this 14th day of March, 2022.

John F. Mahoney, Mayor

ATTEST:

Marie Arrigoni, Village Clerk

TO: G. Darryl Reed, Building Commissioner
MEETING DATE: March 9, 2022 at 7:30 pm
FROM: John Marsh, Chair
SUBJECT: Transmittal of Zoning Board of Appeals Recommendation

PROJECT TITLE

ZBA 2020 - 05: An application has been filed requesting a variation from the requirements of Section 1268.02(e) of the Palos Park Village Code in regard to front yard setbacks to permit the construction of a new single-family residence. Where the required front yard setback is 76.395 feet, the applicant is requesting a front yard setback of 63 feet at the property commonly known as 12100 South 88th Avenue in Palos Park, IL.

The current request pertains to a previously approved variance that has expired pursuant to Section 1264.09 of the Village Code.

PUBLIC HEARING

The Zoning Board of Appeals held a public hearing regarding application #ZBA 2020 – 05 on March 9, 2022. One resident spoke. The resident resides nearby on 121st Street. This neighbor was supportive of the request and is looking forward to the vacant lot being developed.

RECOMMENDATION

Concurring with the Findings as outlined in the Staff Report, the Zoning Board of Appeals recommended that the Village Council approve the variance request for a 63 foot front yard setback, instead of the 76.395 foot front yard setback as required by Chapter 1268.02 (e) of the Village of Palos Park Code, to allow for the construction of a new single family home on the property commonly known as 12100 South 88th Avenue. The vote was five (5) yes, zero (0) no, with two (2) absent.

10. June 10, 2020 ZBA Meeting Minutes (excerpt)
11. Plat of Szkirpan and Zunica's Resubdivision

BACKGROUND

The subject property, commonly known as 12100 South 88th Avenue, is zoned R-1-A Single Family Residential and is currently vacant. The applicant proposes to construct a new single-family dwelling with a 63 foot front yard setback instead of the required 76.395 foot front yard as required by Section 1268.02(e) of the Palos Park Village Code. As shown in Table 1, below, the proposed house complies with other applicable zoning requirements (see also Figure 1, on the following page, graphically depicting the setbacks as it pertains to the proposed request).

The property owner initially requested the variance in 2020. The petition was considered by the Zoning Board of Appeals (ZBA) at the June 10, 2020 meeting. The ZBA voted 4-1 to recommend approval of the proposed variation. Ordinance 2020-17 was subsequently approved by the Village Council on June 22, 2020 authorizing the variance (the Council vote was 3-0 with 2 absent).

Section 1264.09 establishes time limits for variances. Specifically, 1264.09(a) states that “no variation relative to the erection or alteration of a building or structure shall be valid for longer than one year from the date of the approval of the variation, unless a building permit for such erection or alteration is obtained within such period and such erection or alteration is started and proceeds to completion in accordance with the terms of such permit.” Section 1264.09(c) allows a variation to be extended (without going to the ZBA) by the Village Council for up to six months, no more than two times.

The applicant has submitted for building permit, which has not yet been issued. The project has been subject to delays in engineering design. Additional issues with COVID-19 and supply chains have also impacted the project timeline. The Village Council approved Ordinance 2021-19 on June 14, 2021 authorizing the first six month extension of the variance request (the Council vote was 5-0). This extension expired in December with the applicant having not requested an additional extension. As such the approved variation has expired.

The applicant wishes to re-establish the previously approved variation. The Village Code does not prohibit further extensions or reauthorizations of previously approved variations. Staff notes that there are no significant changes as to the site conditions, development design, or potential communities impacts as compared to the previous approval from 2020.

Additionally, the subject property is Lot 1 in the “Szkirpan and Zunica’s Resubdivision”, which was approved by the Village of Palos Park in July 1996 (and recorded with Cook County as document 96718439). The subdivision plat shows 50 setbacks off of both the 121st Street and 88th Avenue property lines; however, since the house was not constructed at that time a variance is needed as current codes are applicable.

	Requirement	Proposed
Lot Size	43,560 sf (1 ac)	43,731 sf (1.004 ac)
Lot Width	150 feet	185.59 feet
Setbacks/Yards		
Front (average of block)	76.395 feet	63 feet
Corner Side	50 feet	80.09 feet
Side (greater of 15% or 15')	27.8 feet	29.1
Rear	50 feet	63.89 feet
Total Side Yard	30 feet	109.19 feet

Table 1: Summary of Proposed Additions with Applicable Zoning Requirements

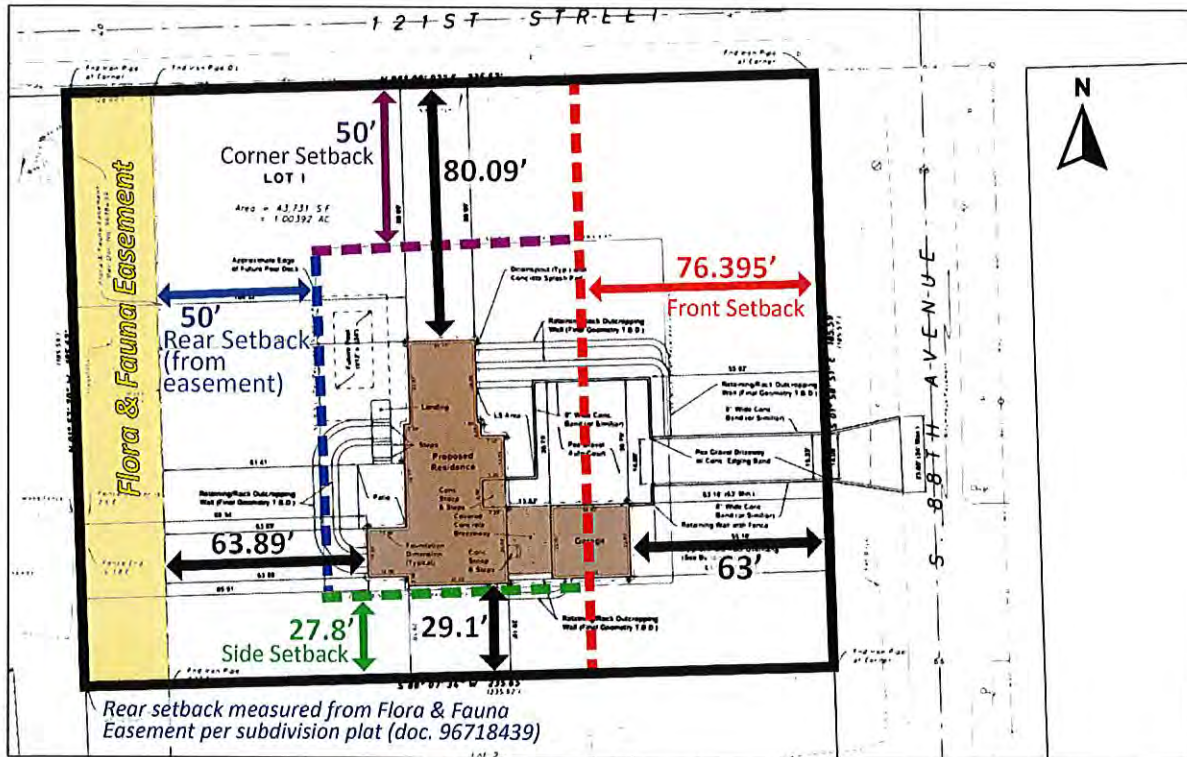

Figure 1: Required Setbacks and Proposed House

ANALYSIS

ANALYSIS OF STANDARDS – VARIATIONS

In considering all proposed variances to the Zoning Code, the Zoning Board of Appeals shall, before recommending that Council grant a variance, first determine and make a finding of fact that the proposed variance will not merely serve as a convenience to the applicant, but is necessary to alleviate practical difficulties or a demonstrable hardship in the way of carrying out the strict letter of those regulations relating to the use, construction, or alteration of buildings or structures or the use of land, and that:

- 1. Site Conditions:** There are one or more unusual physical conditions of the site, such as size, shape, or slope, that were not created by a person having an interest in the property, that are unavoidable or uncorrectable, or that are worthy of preservation, such as a creek, wetland, or specimen trees, and that make it a substantial burden to use the property or develop the property, or otherwise result in a substantial loss of value or cause the site to be unable to yield a reasonable return, without a variance.

Finding. The subject property contains significant topographic challenges. A high point of 705.7 feet above sea level is located at the southeast corner of the property, which slopes to a low point of 694 feet at the mid-point of the north property line, for a total change in elevation of 11.7 feet. Due to this unusual physical condition on the site, locating the house in a manner that complies to the applicable front setback of 76.395 feet creates a burden as to the significant amount of grading required to develop the property. As such, the applicant proposes to locate the new dwelling 63 feet from the front lot line to minimize the amount of grading necessary for construction. In addition, there are several trees to the rear of the site. Locating the structure closer to the front lot line will minimize construction impacts to those trees.

2. **Development Design:** The variation would not merely serve the temporary social or personal convenience of an occupant, and an alternative development plan that would conform to Code would not be suitable for the uses permitted by Code and would not be typical of similar properties in the area.

Finding. The construction of the new structure would be permanent and therefore not serve any temporary convenience. While construction of a new building is possible within the required setbacks, it would cause additional grading and tree impacts as previously noted.

It should be noted that the required setbacks are being applied as they are since the front of the proposed house would be facing east toward 88th Avenue; resulting in the portion of the property along 88th Avenue being considered the “front yard”. A house with the same footprint on the subject property but designed so the front entrance is facing north (toward 121st Street) rather than east (88th Avenue) would result in what is determined to be the “front yard” and “corner yard” being flipped. If the east portion of the property (along 88th Avenue) were the corner yard the required setback would only be 50 feet, so the proposed 60 foot setback would not be an issue (although in this scenario it is not known if the setback off of 121st would become an issue or not). In short, solely as it pertains to the setback off of 88th Avenue, alternative placement of the front door and addressing of the proposed house results in either a 76.395 foot required setback or 50 foot required setback. It should be considered, when evaluating the proposed 63 foot setback, that the Code could allow a house as close as 50 feet to the property line off of 88th Avenue in an alternative situation.

3. **Community Impact:** The variation would retain the essential character, scale, intensity, and open space of the area, and would be in harmony with the purposes of the Zoning Code as stated in Section 1260.02 of this Code, and would not be substantially injurious to other property, or be detrimental to public interests or adopted Village plans.

Finding. The proposed variation would not alter the essential character, scale, intensity, and open space of the area and will be in keeping with the purpose of Section 1260.02 of the Code. The reduced setback should not alter the character or scale of the area or be injurious to adjacent properties. As shown in in Figure 2 (see below) the proposed front setback of 63’ would not be out of character for the general area in which it is located.

Figure 2: Setbacks on 88th Avenue and 121st Street (north is to the right)

In addition to the Findings above, the Board shall look to, and make findings of fact in regard to, those factors set forth in Section 1260.05(b)(1) through (6) in regard to the requested variation, as noted below:

4. **Existing uses of property within the general area of the property in question;**

Finding. The existing uses in the surrounding area are all residential uses. The proposed use is in keeping with a residential use.

5. **The zoning classification of property within the general area of the property in question;**

Finding. The subject property and the surrounding area are all zoned R-1-A One-Family Dwelling District. Other than the requested front yard variance, the proposed addition is in conformance with the requirements of the R-1-A zone.

6. **The suitability of the property in question to the uses permitted under the existing and proposed classifications;**

Finding. The existing and proposed residential use of the property is permitted in the R-1-A zone.

7. **The trend of development, if any, in the general area of the property in question, including changes, if any, which have taken place since the date the property was placed in its present zoning classification;**

Finding. The proposed new construction is consistent with the residential trend of development in the surrounding area.

8. **Proposed uses of property within the general area of the property in question as represented on the Village Comprehensive Plan;**

Finding. The proposed reconstruction is consistent with the Comprehensive Plan designation of Low Density Single Family Residential.

9. **The frontage and square footage of the land involved and whether or not it adjoins a parcel of land which bears the same zoning district classification as the proposed amendment.**

Finding. The subject property is surrounded by other properties also zoned R-1-A.

PUBLIC NOTICE

The Public Hearing notice was published in *The Regional News* on February 17, 2022, in accordance with the Village Zoning Ordinance. A sign was posted on the subject property, and the Village notified neighboring property owners within 350' of the subject property 15-30 days prior to the date of the hearing.

STAFF RECOMMENDATION

The staff has reviewed the application and recommends *approval* of a variance to allow for a 63 foot front yard setback as requested; to allow for the construction of a new single family dwelling on the property commonly known as 12100 South 88th Avenue.

RECOMMENDED MOTION

I move to recommend that the Village Council approve the request for a 63 foot front yard setback variance, instead of the 76.395 foot front yard setback as required by Chapter 1268.02 (e) of the Village of Palos Park Code, to allow for the construction of a new single family home on the property commonly known as 12100 South 88th Avenue.

VARIANCE HARDSHIP CRITERIA

The following criteria (Village Code Section 1264.07) are used by the Village to help determine if property conditions are hardships that are sufficient to grant a zoning variance.

A. Site Conditions

1. What are the unusual physical conditions of the site; such as size, shape, slope, or other natural or manmade features; that make it a substantial burden to use the property or develop the property?

DUE TO DOWNWARD SLOPE OF PROPERTY WE
ARE TRYING TO MINIMIZE GRADING AND SAVE TREES

- a. Were these conditions created by current owners of the property? NO
b. Are these conditions unavoidable or uncorrectable? YES
c. Are these conditions worthy of preservation? YES
d. Is the loss of value or reasonable return due to these conditions substantial? NO

B. Development Design

1. Would the variation serve only the temporary social or personal convenience of the occupant?

NO

2. Is there another way to design the development that would be suitable for the permitted uses and that does not require a variance?

YES BUT IT WOULD NOT BE IDEAL

- A. Is this other design similar to other development in the neighborhood? YES

C. Community Impact

1. Would the proposed development with the variance alter the essential character, scale, intensity, and open space patterns in the area?

NO

- a. Would the proposed development with the variance still be in harmony with the purposes of zoning as described in Section 1260.02 of the Zoning Code? YES

2. Would the proposed development with the variance be substantially injurious to other property?

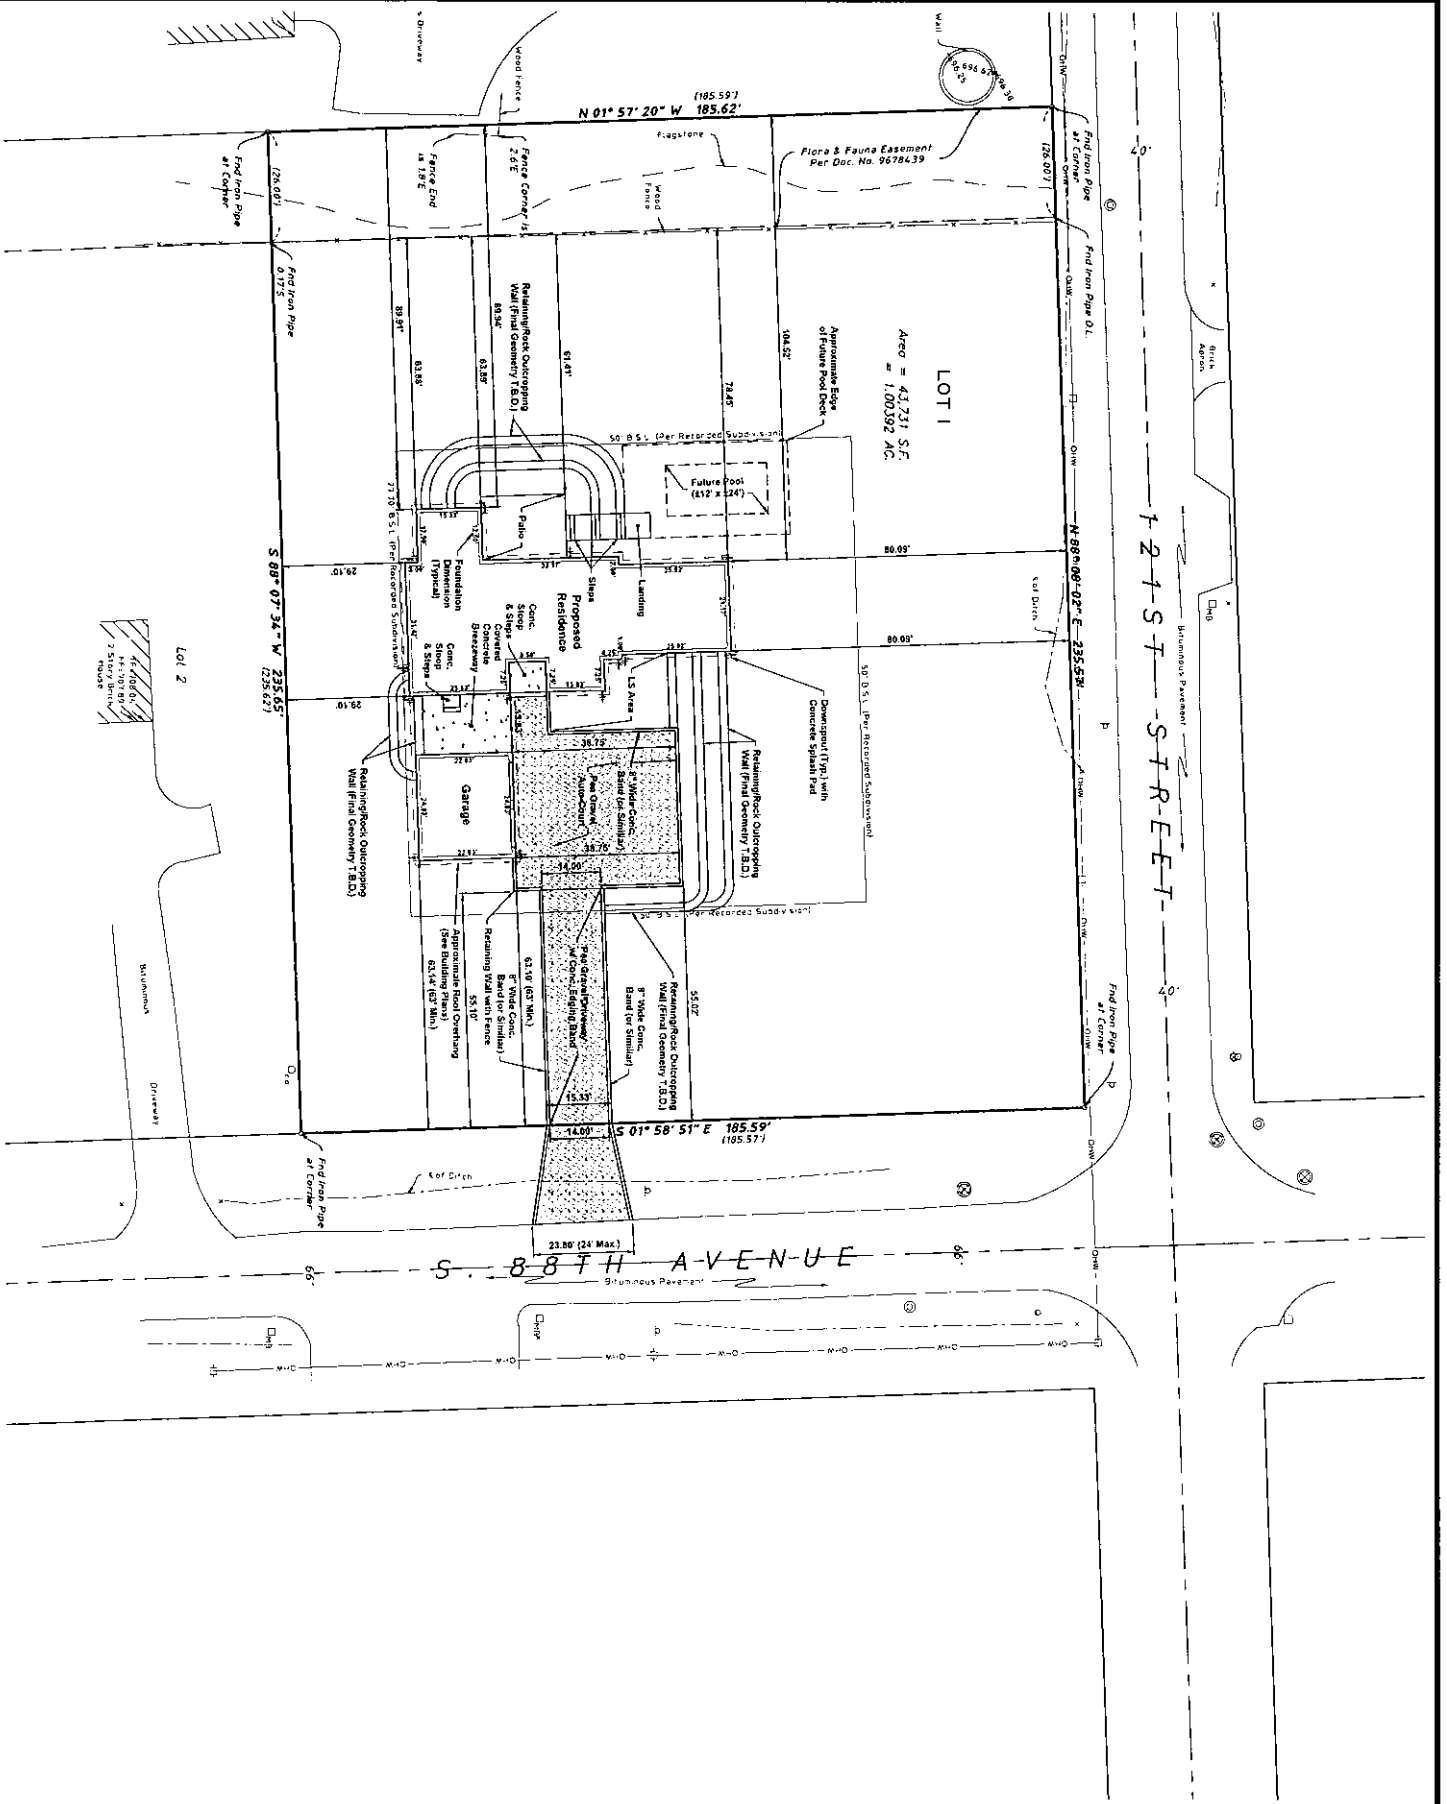

NO

- a. Would it be detrimental to public interests? NO
b. Would it be detrimental to Village Plans? NO

*** PLEASE NOTE THAT THIS REQUESTED VARIANCE WAS PREVIOUSLY APPROVED BUT DUE TO SUPPLY CHAIN ISSUES AND COVID 19**

PLEASE EMAIL COMPLETE APPLICATION TO: lpruss@palospark.org

WE WERE DELAYED DRAMATICALLY.

GENERAL NOTES

1. The Contractor shall comply with the applicable provisions of the International Building Code, International Residential Code, International Energy Conservation Code, and applicable provisions of the 2009 International Residential Code, 2014 State of Illinois Plumbing Code, and 2014 Cook County Electrical Code.
2. The Contractor shall provide all necessary permits and fees for all work shown on these drawings.
3. The Contractor shall provide all necessary materials and labor for the work shown on these drawings.
4. The Contractor shall provide all necessary equipment and tools for the work shown on these drawings.
5. The Contractor shall provide all necessary safety equipment and training for all workers on the job.
6. The Contractor shall provide all necessary site access and utility information for the work shown on these drawings.
7. The Contractor shall provide all necessary site preparation and foundation work for the work shown on these drawings.
8. The Contractor shall provide all necessary framing and roof work for the work shown on these drawings.
9. The Contractor shall provide all necessary exterior finish work for the work shown on these drawings.
10. The Contractor shall provide all necessary interior finish work for the work shown on these drawings.
11. The Contractor shall provide all necessary mechanical, electrical, and plumbing work for the work shown on these drawings.
12. The Contractor shall provide all necessary painting and decorating work for the work shown on these drawings.
13. The Contractor shall provide all necessary landscaping and site work for the work shown on these drawings.
14. The Contractor shall provide all necessary final cleanup and site restoration for the work shown on these drawings.

ENERGY AND INFILTRATION NOTES

1. All exterior walls, windows, doors, and roof assemblies shall be constructed in accordance with the applicable provisions of the International Energy Conservation Code and International Residential Code.
2. All exterior walls shall be constructed with a minimum R-value of R-13.
3. All exterior windows and doors shall be constructed with a minimum U-factor of U-0.30.
4. All exterior roof assemblies shall be constructed with a minimum R-value of R-30.
5. All exterior air conditioning and heating systems shall be constructed in accordance with the applicable provisions of the International Energy Conservation Code and International Residential Code.
6. All exterior air conditioning and heating systems shall be constructed with a minimum SEER rating of 13 and a minimum AFUE rating of 80.
7. All exterior air conditioning and heating systems shall be constructed with a minimum efficiency of 100%.
8. All exterior air conditioning and heating systems shall be constructed with a minimum efficiency of 100%.
9. All exterior air conditioning and heating systems shall be constructed with a minimum efficiency of 100%.
10. All exterior air conditioning and heating systems shall be constructed with a minimum efficiency of 100%.
11. All exterior air conditioning and heating systems shall be constructed with a minimum efficiency of 100%.
12. All exterior air conditioning and heating systems shall be constructed with a minimum efficiency of 100%.
13. All exterior air conditioning and heating systems shall be constructed with a minimum efficiency of 100%.
14. All exterior air conditioning and heating systems shall be constructed with a minimum efficiency of 100%.
15. All exterior air conditioning and heating systems shall be constructed with a minimum efficiency of 100%.

Mr. Richter from BLR Architects, explained the project in detail explaining the need for the north setback line variation of 17.5 percent. He explained the house was originally built to be a duplex. After the fire, the plans were submitted and it was discovered that the house was not in compliance. Mr. Richter explained that the new plans will conform to the code and it will be used as a single residence.

Upon roll call vote, the motion to recommend approval carried as follows:

AYES: -6 Konier, Martin, Lencioni, Melvin, Wiegman, Adams, Marsh

NAYS: -0

ABSENT: -2 Phyllis Adams, Patrick Melvin

2. **ZBA 2020 - 05:** An application has been filed requesting a variation from the requirements of Section 1268.02(e) of the Palos Park Village Code in regard to front yard setbacks to permit the construction of a new single family residence. Where the required front yard setback is 76.395 feet, the applicant is requesting a front yard setback of 63 feet at the property commonly known as 12100 South 88th Avenue in Palos Park, IL.

Chairman Lencioni introduced Michael Zunica, the homeowner of 12100 S. 88th Avenue. Mr. Zunica explained there are multiple reasons why they wanted the house the way it was designed. He wanted the L shaped design because it is a high traffic area. Jack martin explained that they had other set back issues on this block in the past. Mr. Martin said the houses being so far back is a big reason why this variance is needed. Ms. Pruss explained the setback survey and where all the houses were in relation to the setbacks on that block. Member Marsh asked if there were any concerns from Mr. Bareither of 8809 W. 121st Street. Mr. Bareither explained that as long as they make sure there will be no flooding issues then he is ok with the project. Ms. Pruss explained that the building department permit is contingent the with owners adhering to the stormwater management plan that was requested. There was a stormwater management study and the plan will require that the homeowners adhere to the plan. Ms. Wiegman stated that even though they are trying to keep the houses at a certain setback, but she still likes the fact that the houses are not all cookie cutter houses. Chairman Lencioni asked if there were any further questions or comments as to which the board said no.

Upon roll call vote, the motion to recommend approval carried as follows:

AYES: -5 Konier, Martin, Melvin, Lencioni, Marsh

NAYS: -1 Wiegman

ABSENT: -2 Phyllis Adams, Patrick Melvin

Chair Lencioni reminded the petitioner that the ZBA is a recommending body and the Village Council will vote at the next meeting on June 22nd , 2020 Meeting.

Meeting of: March 14, 2022

7:30 PM

Kaptur Administrative Center

CONSENT AGENDA MATTER:

Police Department Vehicle

BACKGROUND/HISTORY:

The Palos Park Police department is looking to purchase a new vehicle in the 2023 budget year. The vehicle has been budgeted out of the General Fund. This item is being brought to the Council now so an order can be placed with the Suburban Purchasing Cooperative before the 2022 Cut Off Date. The vehicle being purchased is a 2022 Ford Utility Police Interceptor AWD and will be available sometime after September of 2022. The cost of the vehicle with the desired color and equipment is \$35,376.00.

STAFF RECOMMENDATION:

Staff recommends approving the purchase of a new Ford Police Pursuit Vehicle.

RECOMMENDED MOTION:

I move to waive the bidding process to purchase a Ford Utility Interceptor from the Suburban Purchasing Cooperative at a cost of \$ 35,376.00.

MECHANICAL

3.3L Police-Calibrated V6 Direct-Injection Hybrid Engine System
 – Standard (Hybrid technology is optimal for performance and long days spent idling on the job)
 ● AWD Drivetrain – Standard for enhanced handling precision and unsurpassed traction on wet or dry surfaces
 Transmission – 10-speed automatic, police calibrated for maximum acceleration and faster closing speeds
 Lithium-Ion Battery Pack
 Brakes – Police calibrated high-performance regenerative braking system
 ● 4-Wheel heavy-duty disc w/heavy-duty front and rear calipers
 ● Brake Rotors – large mass for high thermal capacity and calipers with large swept area.
 ● Electric Power-Assist Steering (EPAS) – Heavy-Duty DC/DC converter – 220-Amp (in lieu of alternator)
 H7 AGM Battery (Standard; 800 CCA/80-amp)
 ● Cooling System – Heavy-duty, large high volume radiator, Engine oil cooler and transmission oil cooler
 ● Engine Idle Hour Meter
 ● Engine Hour Meter
 ● Powertrain mounts – Heavy-Duty
 50-State Emissions System

INTERIOR/COMFORT

● Cargo Area – Spacious area for police equipment; Lithium-Ion Battery Pack does not intrude into the cargo area
 ● Cargo Hooks
 ● Climate Control – Dual-Zone Electronic Automatic Temperature Control (DEATC)
 ● Door-Locks – Power – Rear-Door Handles and Locks Operable ● Fixed Pedals (Driver Dead Pedal)
 ● Floor – Flooring – Heavy-Duty Thermoplastic Elastomer
 ● Glove Box – Locking/non-illuminated
 ● Grab Handles – (1 – Front-passenger side, 2-Rear)
 ● Liftgate Release Switch located in overhead console (45 second timeout feature)
 ● Lighting – Overhead Console – Red/White Task Lighting in Overhead Console – 3rd row overhead map light
 ● Mirror – Day/Night Rear View
 ● Particulate Air Filter
 ● Powerpoints – (1) First Row
 ● Rear-window Defrost
 ● Scuff Plates – Front & Rear
 ● Speed (Cruise) Control
 ● Speedometer – Calibrated (includes digital readout)
 ● Steering Wheel – Manual / Tilt, Urethane wheel finish w/Silver Painted Bezels with Speed Controls and 4-user configurable latching switches
 ● Sun visors, color-keyed, non-illuminated

INTERIOR/COMFORT (CONTINUED)

● Seats – 1st Row Police Grade Cloth Trim, Dual Front Buckets with reduced bolsters – 1st Row – Driver 6-way Power track (fore/aft. Up/down, tilt with manual recline, 2-way manual lumbar) – 1st Row – Passenger 2-way manual track (fore/aft. with manual recline) – Built-in steel intrusion plates in both driver/passenger seatbacks – 2nd Row Vinyl, 35/30/35 Split Bench Seat (manual fold-flat, no tumble) – fixed seat track
 ● Universal Top Tray – Center of I/P for mounting aftermarket equipment
 ● Windows, Power, 1-touch Up/Down Front Driver/Passenger-Side with disable feature

EXTERIOR

● Antenna, Roof-mounted Cladding – Lower bodyside cladding MIC ● Door Handles – Black (MIC)
 ● Exhaust True Dual (down-turned)
 ● Front-Door-Lock Cylinders (Front Driver / Passenger / Liftgate)
 ● Glass – 2nd Row, Rear Quarter and Liftgate Privacy Glass
 ● Grille – Black (MIC)
 ● Headlamps – Automatic, LED Low-and-High-Beam Note: Includes Front Headlamp / Police Interceptor Housing (with LED wig-wag feature) – Pre-drilled hole for side marker police use, does not include LED strobe, but includes LED wig-wag functionality (eliminates need to drill housing assemblies and provides LED wig-wag feature) – Pre-molded side warning LED holes with standard sealed capability (does not include LED installed lights)
 ● Liftgate – Manual 1-Piece – Fixed Glass w/Door-Lock Cylinder ● Mirrors – Black Caps (MIC), Power Electric Remote, Manual Folding with Integrated Spotter (integrated blind spot mirrors not included when equipped with BLIS®)
 ● Spare – Full size 18" Tire w/TPMS
 ● Spoiler – Painted Black Tallgate Handle – (MIC)
 ● Tail lamps – LED
 ● Tires – 255/60R18 A/S BSW
 ● Wheel-Lip Molding – Black (MIC)
 ● Wheels – 18" x 8.0 painted black steel with wheel hub cover
 ● Windshield – Acoustic Laminated

POLICE UPFIT FRIENDLY

● Consistent 11-inch space between driver and passenger seats for aftermarket consoles (9-inch center console mounting plate)
 ● Console mounting plate
 ● Dash pass-thru opening for aftermarket wiring
 ● Headliner – Easy to service
 ● Two (2) 50 amp battery ground circuits – power distribution junction block (repositioned behind 2nd row seat floorboard). Heated Sanitation Solution

SAFETY/SECURITY HIGHLIGHTS

- 75-mph Rear-impact Crash Tested

Note: The full-size spare tire secured in the factory location is necessary to achieve police-rated 75-mph rear impact crash-test performance attributes

- AdvanceTrac® w/RSC® (Roll Stability Control™) police tuned

gyroscopic sensors work seamlessly with the ABS

- Rear Video Camera with Washer (standard)
- Airbags, dual-stage driver & front-passenger, side seat, passenger-side knee, Roll Curtain Airbags and Safety Canopy®
- Anti-Lock Brakes (ABS) with Traction Control Brakes – Police calibrated high-performance regenerative braking system
- Belt-Minder® (Front Driver / Passenger)
- Child-Safety Locks (capped)
- Individual Tire Pressure Monitoring System (TPMS)
- LATCH (Lower Anchors and Tethers for Children) system on rear outboard seat locations
- Seat Belts, Pretensioner/Energy-Management System w/adjustable height in 1st Row
- SOS Post-Crash Alert System™

WARRANTY

- 3 Year / 36,000 Miles Bumper / Bumper
- 8 Year / 100,000 Miles Hybrid Unique Components

FUNCTIONAL

- Audio — AM/FM / MP3 Capable / Clock / 4-speakers — Bluetooth® interface — 4.2" Color LCD Screen Center-Stack "Smart Display" Note: Standard radio does not include USB Port or Aux. Audio Input ●Jack; Aux. Audio Input Jack requires SYNC 3®
 - Easy Fuel® Capless Fuel-Filler
 - Ford Telematics™ – Includes Ford Modem and complimentary 2- year trial subscription
 - Front door tether straps (driver/passenger)
 - Power pigtail harness
 - Recovery Hooks; two in front and trailer bar in rear
 - Simple Fleet Key (w/o microchip, easy to replace; 4-keys)
 - Two-way radio pre-wire
 - Two (2) 50 amp battery ground circuits – power distribution junction block (behind 2nd row passenger seat floorboard)
 - Wipers – Front Speed-Sensitive Intermittent; Rear Dual Speed Wiper
- POWERTRAIN CARE EXTENDED SERVICE PLAN**
- 5-year/100,000-mile Powertrain CARE Extended Service Plan (zero deductible) – Standard

VILLAGE OF
PALOS PARK

Village Council

*Mayor John Mahoney
Village Clerk Marie Arrigoni
Commissioner James Pavlatos
Commissioner Dan Polk
Commissioner Nicole Milovich-Walters
Commissioner G. Darryl Reed*

Meeting of: March 14, 2022

7:30 PM

Kaptur Administrative Center

AGENDA MATTER:

Purchase New large format printer.

BACKGROUND/HISTORY:

Over ten (10) years ago the Village purchased a HP T 2300 large format printer from Clifford-Wald. This printer has served the Village well as has Clifford-Wald in providing service. Though in good working order this machine is now becoming obsolete as parts are no longer available for any needed repairs. PW has put \$25,000.00 in the 2022 budget to cover the cost of a new machine. We recently received a quote from Clifford-Wald for a new Cannon TZ-3000MFP Z36 printer, scanner, and a two-year full warranty. The cost for the new printer and warranty is \$16,295.00.

STAFF RECOMMENDATION:

Staff recommends approving the proposal submitted by Clifford-Wald for a new large format printer.

RECOMMENDED MOTION:

I move to approve the proposal from Clifford-Wald in the amount of \$16,295.00 to purchase a new Large format printer.

1600 E. Golf Rd., Ste. 110, Rolling Meadows, IL 60008 phone (847) 598-0166

February 7, 2022

Ms. Laura Glazier
Village of Palos Park
8999 W. 123rd Street
Palos Park, IL 60464

Dear Laura:

Thank you for your interest in the Canon TZ-30000MFP Z36 multifunction printer. Below is the information you requested. **Clifford-Wald is a fully Authorized and Service Trained Hewlett-Packard, Canon, Epson and KIP Dealer.** We will support the printer during and after the warranty period and we carry all supplies.

Canon TZ-30000MFP Z36 (2 Roll, 36-inch) Multifunctional Printer – 5517C001AA
Includes TZ-30000 (36") Printer, Z36 Scanner, Top Output
Stacker, 15.6" System Controller, USB 2.0 High-Speed Interface,
SmartWorks MFP Scan-to-Copy/File/Email with Real-Time Image
Viewer, Assembly & Start-Up Guide & 90-Day Warranty) \$12,995.00

Freight Included
Installation & Training Included

*Tax exempt certificate required with order
*Includes removal/disposal of HP T2300PS (if applicable)
*Quote is valid for 30-days

TZ-30000MFP Z36 (2) Year + (9) Month eCarePAK (Optional) \$ 3,300.00

Please expect my call as a follow-up to this proposal. In the meantime, if you have any questions, do not hesitate to call me.

Sincerely,

David Kirchner

imagePROGRAF

TZ Series

Get the best of both worlds with the new Canon imagePROGRAF TZ Series of large-format printers.

Built with production, efficiency, and versatility in mind, the imagePROGRAF TZ large-format printer is a new hybrid solution. It's uniquely qualified to seize and expand the production aqueous inkjet market with its ability to print black-and-white line drawings and full-color posters on multiple media substrates. The advanced features of the imagePROGRAF TZ large-format printers include:

- **Twin Carriage Motors** for maximum productivity
- **Dual-Roll Media System** that offers automatic media-switching capabilities for enhanced operation
- **Top Output Stacker** for easy handling of documents from the front of the printer
- **LUCIA TD 5-Color Pigment Ink System** that produces detailed lines and sharp text.

DOCUMENT MANAGEMENT SOLUTIONS

Printing to your large-format printer shouldn't be a hassle. Streamline your printing workflow with Canon's free available software:

• DIRECT PRINT PLUS

In as little as one step, simply drag and drop files for on-demand printing. High-speed file processing, batch printing, and the ability to monitor the status of more than one device are just some of the key advantages of Canon's Direct Print Plus software.

• CPP PUBLISHER SELECT

This job submission software gives you the ability to manage printer status and ink and media levels. You can also receive operator warnings when ink is low or the media roll is empty. Additional functionality includes:

- Dual printer support
- Preset creation for frequently used job settings
- Access to all printing features on one screen

• PRINTER DRIVERS

Choose either the Canon Printer Driver or CPP Driver Select. CPP Driver Select offers you the flexibility to print to imagePROGRAF TZ, PlotWave, and ColorWave models for multiple fleet management.

The **Top Output Stacker** allows for up to 100 ARCH E sheets to be stacked facedown for confidentiality. The stacker features Canon's advanced air flow system, which reduces paper jams and keeps prints neatly aligned.

For continuous production printing, the imagePROGRAF TZ Series lets you load a second roll of media while the other roll is printing. Additionally, **Hot 5-Way Ink Tanks** allow you to change ink while printing, without damaging or stopping the print—Virtually no down time! *These are the only printers in the industry that can do this!*

The **Intelligent Media Handling** feature allows the user to simply place a roll in the opened drawer and slide in the media from the front of the printer with ease. The printer automatically detects media type, width, and length, for simplified user handling.

The imagePROGRAF TZ ships standard with a **Dual Roll** for maximum productivity. Load up to two (2) rolls of 36" paper or mix-and-match paper types and sizes.

TZ-30000 MFP Z36 model shown.

Print with more confidence knowing Canon's advanced security features and technology are on the job.

STORAGE

The hard drive is self-encrypting with AES 256 technology and multiple levels of file and data erasure. Completely erase all files at the touch of a button.

INTERFACE

Ability to disable:
• USB Direct Thumb Drive
• USB Port
• Ethernet Port

COMMUNICATIONS

IPSec, 802.1x compatible and TLS-enabled/disabled encryption capability.

MANAGEMENT

PIN Printing—Set a numerical passcode in the printer driver and input that same passcode in the control panel of the printer to help ensure that only you have access to your printouts.

The **MFP System Controller** has an all-new intuitive GUI design for simplified printer management. Complete with a new processor, scanner functionality has never been easier and faster in an imagePROGRAF MFP.

Equipped with the new, lightweight **Z36 Scanner**, you can scan monochrome drawings at up to 13"/second and color drawings at up to 6"/second.

4.3" Touchscreen Control Panel for quick and simple access to printer controls.

Integrated MFP design for easy office placement.

The **Roll Paper Indicator** takes the guesswork out of determining how much paper is left in the printer. The LED lights display four (4) different media levels, letting you know when paper is running low.

* 14 seconds for an ANSI D print and 4 ANSI D prints/minute speed measured after first print in Fast QS mode, using plain paper.
** All speeds measured using plain paper, Fast QS mode. The 244 ANSI D prints/hour is measured from when the first print begins printing.

- 3:1 Trident Power Cord
- Power Supply
- Mount for Printer and System Controller
- (2) Paper Edge Guides
- (3) Document Return Guides
- Calibration Target
- Assembly and Startup Guide

■ Wireless printing requires a working network with wireless 802.11b/g or 802.11n capability. Wireless performance may vary based on terrain and distance between the printer and wireless network clients.

■ The scan rate is proportional across the full range of resolutions supported by the scanner. Actual scan times will depend on the host system performance. Quoted top speeds may be limited by the effective bandwidth of the USB 2 and is not guaranteed for all media types.

▲ The quoted scan accuracy may vary depending on the operating environment and the thickness of the media.

Note: Model shown on cover is the TZ-30000 MFP Z36. The imagePROGRAF TZ MFP Z36 system contains multiple components, some of which are manufactured by third parties. To the extent that such third-party offerings come with limited warranties, those such limited warranties are hereby passed to the purchaser, and Canon shall have no obligation.

From: Building Department
Date: March 9th
Subject: Building Department Report for Council Meeting March 14, 2022

It's Spring....Do you have your Permit?

Please note that per Village Code all work being done within the Village of Palos Park requires a permit. The permit shall be visible on site at all times. The permit is good for one (1) year from date of issue. A property owner is allowed to pull a permit and act as a general contractor for work performed on their home provided that all work is compliant with Village Codes, ordinances and regulations, including registering of any sub-contractors used on the project. All inspections require a 24-hour notice before inspections are needed. All construction fences and silt fences must be always maintained and in place during construction.

PERMITS:

The Building Department processed permits from February 8, 2022-March 8, 2022 resulting in \$10,299.40 in permit fees.

BUILDING PERMIT INSPECTIONS

Fourteen (14) inspections were completed during this time period.

Our message may sound like a broken record warning residents to lock their vehicles, but we are doing it again!

Please don't leave valuables in plain view, please don't leave your keys in the car because your chances of becoming a victim increase exponentially when you don't follow these simple rules.

Southwest Suburban Police Departments are seeing an uptick again in people entering driveways, approaching parked vehicles, and entering then rummaging through unlocked cars

Police Commissioner Dan Polk said, "Please lock your doors and we urge anyone who sees or hears something suspicious to call police."

Help Us, Help You! Palos Park Police Department MyID - Medical Identification Bracelets

The Palos Park Police Department MyID medical identification bracelets are free to our community! These FREE medical bracelets will assist first responders in providing efficient and accurate service, in the event of a medical emergency. Through new technology, our residents can now provide first responders with instant medical information, at the touch of a button. The Palos Park Police Department strives to provide the best response and care to our residents, and we understand that time is of the utmost importance in moments of need.

Literally a Life Saver!

MyID medical bracelets allows First Responders to access your medical profile in five seconds or less, telling them who you are, who to contact, and how to save your life. If you or a loved one has multiple health or medical concerns, various medications to keep track of, Dementia / Alzheimer's, or other communication disabilities — this device can help. MyID users can easily keep track of their health history, keep medications up-to-date, and keep all their information secure with a private password. Your medical information can be kept current by using a computer, smart phone, or phone application. You can also change information as often as needed; you can provide as much or as little detail as you would like.

The information provided by you can be retrieved by first responders and medical professionals through scanning the QR Code, a phone call, or by using the internet. Pertinent medical information can now be with you at all times.

MyID bracelets are made of flexible silicone, with various sizes and colors, and are waterproof. To learn more about MyID medical bracelets, check out the link provided:

The Palos Park Police Department will kick off the 2022 "Coffee with A Cop" at the Plush Horse, 12301 S. 86th Ave in early March!!

"Coffee with A Cop" is traditionally held on Wednesdays

The first 2022 Coffee with a Cop will feature a special guest, Mayor John Mahoney. This will be a good chance to warm up with a hot cup of coffee and catch up with Palos Park's village leaders.

The program highlights the fact that we are all stakeholders in the community, and we need to engage in conversation with each other.

Stop by, have a cup of coffee and let's talk, even if it's just about the weather, it's a start towards open communication, sharing ideas and developing a partnership. Mayor John Mahoney said, "He is always happy to meet with the people he serves, by engaging with the community as a way to make sure we're open, and we listen, and take feedback to heart."

Kaptur Administrative Center

AGENDA MATTER:

To approve the proposal from Sound Incorporated for updated audio, video monitoring and streaming equipment in the Council Room for a cost of \$38,460.00

BACKGROUND/HISTORY:

The sound and video recording equipment in the Council Room is over 20 years old with some of the equipment purchased “used” at that time. Some components have stopped working and have become obsolete. Over the years, the Village has received complaints about the sound, video, and the lack of ability to live stream meetings. The clarity of audio and visual equipment is vital to communicating information in the most effective manner. This sound upgrade has been discussed and researched many times over the years with various companies offering solutions. Over the last six months, staff has once again researched solutions and met with three companies: Advanced Wiring Solutions, EOC and Sound Incorporated.

All three companies offered something different by submitting engineering solutions for sound quality, video monitoring and streaming needs for the various meetings held in the Council Room (see table on the following page). The latest proposal by Sound Incorporated gave us the least expensive bid for a new audio system, proposed a new 86” video wall monitor and gave us an option for incorporating live streaming and web conferencing without purchasing new cameras. Another feature included a telephone dialer for incoming and outgoing calls that would allow residents to call in to participate in the Citizens and Visitors Comment Period or during a Public Hearing without leaving home or having to join a Zoom call.

Sound Incorporated completed projects in the municipalities of Woodridge, Roselle, Bloomingdale, Naperville, and Oakbrook Terrace. Staff has checked with these communities, and they all have highly recommended the company. The new system would be a technology refresh to improve the overall sound and video quality in the Council Room. It will allow the Village to live stream meetings on YouTube, provide an 86” wall mount monitor with wireless gateway for presentations and web conferencing. \$30,000.00 was budgeted in the FY22 budget for this upgrade. The remaining \$8,460.00 will be included in the FY23 budget as the timing of the project will flow over to the next fiscal year. Sound Incorporated’s experience with other municipalities and flexible bid gave us everything we needed at a cost that would fit within our FY22 and the proposed FY23 budget.

AUDIO/VIDEO COMPANY	ADVANCED WIRING SOLUTIONS	EOC	SOUND INCORPORATED
NEW AUDIO SYSTEM ONLY	\$20,295	\$21,726.23	\$19,114

SUB TOTAL	\$50,690	\$42,954	\$58,283
			(\$29,548)
TOTAL	\$50,690	\$42,954	\$38,460

Sound Incorporated requires 50% due upon order acknowledgement - \$19,230 40% due upon completion of installation - \$15,384 and 10% due upon job acceptance - \$3,846 but will work with the Village on the timing of invoicing as needed.

Time frame: A total of six to seven weeks from ordering to implementation

Four weeks for mobilization (ordering equipment, engineering, scheduling, and coordination) and an additional two to three weeks will be needed for set up and installation.

STAFF RECOMMENDATION:

Staff recommends approving the proposal submitted by Sound Incorporated for updated audio, video monitoring and streaming equipment for the Council Room for a cost of \$38,460.00 with \$30,000.00 expended from the FY22 budget and \$8,460.00 from the proposed FY23 budget.

RECOMMENDED MOTION:

I move to approve the proposal from Sound Incorporated for updated audio, video monitoring and streaming equipment for the Council Room for a cost of \$38,460.00 with \$30,000.00 expended from the FY22 budget and \$8,460.00 from the proposed FY23 budget.

PROPOSAL

SOUND INCORPORATED

February 28, 2022

Village of Palos Park
8999 W 123rd St
Palos Park, IL 60464

Subject: Boardroom AV Upgrades

Submitted By:
Mark Foehring
Account Executive – AV
Sound Incorporated
mfoehring@soundinc.com

Enclosed please find Sound Incorporated’s proposal response which includes the following information:

- Executive Summary
- Project Highlights and Equipment / Solution(s) Proposed
- Total Investment & Any Applicable Options or Alternates
- Warranty & Maintenance Information
- Project Clarifications & Qualifications
- Network Readiness
- Proposed Payment Terms
- [Additional Information on our AV Solutions](#)

Based on the information provided to Sound, we feel we have provided the most thorough solution. If you have any questions regarding this proposal and any of the items contained within, please feel free to contact me to schedule a meeting to review and/or introduce you to the team of professionals assisting in the design, implementation and on-going support. We look forward to building a partnership with you to assist with your AV and technology needs. I can easily be reached at (630) 369-2900 extension 3146, (630) 885-4758 (mobile), or via email at mfoehring@soundinc.com.

Thank you for considering our proposal.

A handwritten signature in black ink that reads "Mark Foehring".

Mark Foehring

Executive Summary:

We propose to furnish and install the equipment and materials necessary to upgrade the AV system in your Village Boardroom. Pricing is provided below for upgrades to the sound system, addition of a video monitor for presentation, and upgrades to the video camera system for broadcast and Zoom/Teams web conferencing.

Sound System Upgrades

The existing analog mixers will be replaced with digital signal processors that will be programmed to tune the system to the room, provide audio leveling for each microphone, feedback control, and echo cancellation for conferencing. A control panel will be programmed and installed in the rack for user level adjustment. The existing microphones will be replaced with Shure desk gooseneck microphones to improve pickup by placing the microphone element closer to the participant. An audio output will be provided to feed the owner furnished broadcast equipment and web conferencing computer for Zoom/Teams/etc.

The existing equipment rack, power panel, wireless microphone, audio recorder, amplifier, speakers, and wiring will be reused in the system. The existing equipment will be tested and, if necessary, replacements will be proposed.

Sound System Equipment List:

1	Biamp	TesiraFORTE DAN VT	Digital Signal Processor
1	Biamp	TesiraFORTE DAN CI	Digital Signal Processor
1	Biamp	TEC-1i	Control Panel
1	Panelcrafters	S00755-CQ96995-2	Rack Panel for TEC-1i
1	Fostex	RM3	Audio Monitor Panel
12	Shure	MX418D/C	Desk Gooseneck Microphone
1	Netgear	GSM4212P	AV/Dante Switch
A/R	Misc		Cables and connectors

Sound System Total Investment:

For Sound to provide and implement the solution as outlined in this proposal, **\$19,114.00**

Video Monitor

An 86" commercial video monitor will be installed on an articulating wall mount for the Board and audience to view. A wireless presentation gateway will be provided to allow presentation from laptops and wireless devices on the monitor. The gateway will also feed the broadcast equipment and web conferencing computer if either the Camera System or Alternate Option 1 is accepted (see below).

Video Monitor Equipment List:

1	LG	86UR340C9UD	86" Commercial Monitor
---	----	-------------	------------------------

1	Peerless	PA762	Articulating Mount
1	Biamp	Modena Hub+	Wireless Conferencing Gateway with WAP
1	Crestron	HD-TX-101-C-E	HDMI TP Transmitter
1	Crestron	HD-RX-101-C-E	HDMI TP Receiver
A/R	Mohawk	254246AF	CAT6a DigitalMedia Cable

Video Monitor Total Investment:

For Sound to provide and implement the solution as outlined in this proposal, **\$9,621.00**

Camera System Upgrades

The three existing cameras will be replaced with high-definition PTZ cameras. A camera controller and camera switcher will be installed in the control room. An owner furnished computer will be connected for web conferencing and presentation, and will feed the video monitor and broadcast equipment. Monitors will be installed for cameras and broadcast feed. All three cameras and the wireless presentation gateway will be available for web conferencing.

A tabletop equipment rack will be installed for video equipment. (May require alteration to existing desk by owner). The existing broadcast, digital signage equipment will remain. The new camera system will be down-converted to standard definition for the broadcast system.

Camera System Equipment List:

3	Vaddio	999-99300-000W	High-Definition 3G-SDI PTZ Camera
3	Vaddio	535-2000-206	Ceiling Mount
1	Vaddio	999-42300-000	Touchscreen Camera Controller
1	Blackmagic Design	ATEM Studio HD	Camera Switcher
2	Blackmagic Design	HDL-SMTVDUO2	Dual 8" Video Monitor Rack Panel
3	Blackmagic Design	CONVBDCSDI/HDMI03G	Bi-Dir HDMI to SDI Converter
1	Blackmagic Design	CONVMSDIDA	SDI Distribution Amplifier
1	Blackmagic Design	CONVMASA	SDI to Analog Converter
1	Vaddio	999-8240-000	AV Bridge
1	Samsung	QB13R	13" Monitor
1	Lowell	LLR-1218B	Laminate Rack
1	Lowell	USVC-215	Vented Clamping Rack Shelf
1	Lowell	ACR-159-S	Rack Power Panel
A/R	WCW	606224-S	SDI Coaxial Cable
A/R	WCW	VEX-555619	Power/Control Cable

Camera System Total Investment:

For Sound to provide and implement the solution as outlined in this proposal, **\$29,548.00**

Alternate Option 1 – Web Conferencing with Existing Cameras

If the Camera System Upgrades above are not accepted, the following equipment is necessary to feed the broadcast system and web conferencing computer.

Equipment List:

1	Kramer	VP-410	Composite to HMDI Converter
1	VAC	11-111-04	Composite Distribution Amp
1	Kramer	VM-2H2	HDMI Distribution Amplifier
1	Gefen	HDMI2-COMPSVIDSN	HDMI to Composite Converter
1	Vaddio	999-8240-000	AV Bridge

Alternate Option 1 is available for **\$6,279.00**

Alternate Option 2 – YouTube Streaming

The Web Presenter HD from Blackmagic Design is available to provide a streaming output for your YouTube channel.

Alternate Option 2 is available for **\$1,232.00**

Alternate Option 3 – Telephone Dialer

One Biamp HD-1 tabletop telephone dialer will be installed in the control room to allow an incoming or outgoing call to be connected to the Boardroom system. The call will be heard in the room and on Zoom, recording, and broadcast. Owner to provide and configure a telephone system port in control room.

Alternate Option 3 is available for **\$2,214.00**

Warranty and Maintenance:

In the Total Investment Pricing listed and approved within this proposal, the equipment furnished and installed by Sound shall be warranted for one (1) year from substantial completion. Any exceptions to this are listed in clarifications and qualifications.

Additionally, Sound offers an extended Warranty and Maintenance plan to cover all labor and equipment for service calls during years 2 – 5. This plan can be adjusted to meet any specific requirements you may have. Pricing available upon request.

Clarifications & Qualifications:

- All work to be completed during normal business hours (7:00AM to 3:30PM), Monday thru Friday (excluding holidays).

- Please allow 4-6 weeks for mobilization: equipment, engineering, scheduling and coordination.
- Sound will need free access to all areas related to the work within their scope.
- The proposal does not include any raceway, conduit, sleeves, coring, back boxes or 120 VAC power, where required.
- All painting and patching, if required, done by others.
- Owner to provide all the necessary IP addresses for the network devices.
- Should any existing equipment, or communications media (i.e. cables, fiber optics, etc.) be used on this contract Sound Incorporated does not warrant the operation of said equipment, and as such should any faults be found with existing equipment, we reserve the right to make additional charges to rectify such faults. All such faults will be reported to the client prior to rectification.
- Owner to provide us with a list of contacts, phone numbers and e-mail addresses for the individuals that will be involved in the project and training session. One up to two-hour training class has been allocated. Any supplemental training will require additional cost, of which is not included in this proposal.
- *THIS PROPOSAL IS CONTINGENT ON A LACK OF IMPACT BY THE CORNOAVIRUS. Given the existence of the coronavirus pandemic, Sound will use its best efforts to staff and supply this project to be able to hit the scheduled completion date but reserves its right to seek an excusable extension of time if Sound or its subcontractors and suppliers are unable to maintain planned crew sizes due to the illness, supply shortages or governmental restraints on business, travel and/or assembly. To the extent that the project is suspended pursuant to the terms of the proposed contract or subcontract, we may need to seek additional costs associated with the suspension.*

Network Readiness:

With our diverse portfolio of solutions, Sound offers network readiness assessments and connectivity plans to assist clients implementing new IP solutions. We follow strict cyber hygiene procedures and have access to industry leading providers of network, cyber, and colocation services to ensure the greatest functionality of your solution without negative impact to existing platforms. Please let me know if we can assist you with those services.

Proposed Payment Terms:

50% due upon order acknowledgement, 40% due upon completion of installation, 10% due upon acceptance.

Please feel free to inquire about Sound's financing options we offer for investing in our solutions.

DATA SHEET

TESIRAFORTÉ® VT

FIXED I/O DSP

TesiraFORTÉ® VT is a fixed I/O DSP with 12 analog inputs and 8 analog outputs and includes Acoustic Echo Cancellation (AEC) technology on all 12 inputs. It also includes up to 8 channels of configurable USB audio, a 2-channel VoIP interface, and a standard FXO telephone interface. USB audio allows TesiraFORTÉ to interface directly with USB audio hosts, as well as to take full advantage of today's most sophisticated conferencing solutions. TesiraFORTÉ VT provides extensive audio processing, including but not limited to: AEC technology, signal routing and mixing, equalization, filtering, dynamics, and delay, as well as control, monitoring, and diagnostic tools; all configured through the Tesira configuration software. TesiraFORTÉ VT is best-suited for rooms that require high-quality audio solutions using VoIP, voice lift, mix-minus, and AEC, such as conference rooms or distance learning environments.

BENEFITS

- Integrates VoIP, POTS, and USB audio in a single chassis
- Includes default configuration file allowing for plug-and-play usage
- Highly scalable and cost-effective solution that can grow over time with the needs of the customer
- SpeechSense™ technology to enhance speech processing
- Integrates directly with soft codecs and other USB audio hosts

FEATURES

- 12 mic/line level inputs with AEC, 8 mic/line level outputs
- Gigabit Ethernet port
- Up to 8 channels of configurable USB audio
- RS-232 serial port
- 4-pin GPIO
- 2-line OLED display with capacitive-touch navigation
- Rack mountable (1RU)
- System configuration and control via Ethernet
- Supports port authentication via IEEE 802.1X
- Internal universal power supply
- SIP VoIP interface via a RJ-45 connector
- Standard FXO telephone interface via RJ-11 connector
- Signal processing via intuitive software allows configuration and control for signal routing, mixing, equalization, filtering, delay and much more
- CE marked, UL listed, and RoHS compliant
- Covered by Biamp Systems' 5-year warranty

Biamp, Tesira, and TesiraFORTÉ are either trademarks or registered trademarks of Biamp Systems, LLC in the United States and other countries. Other product names referenced may be trademarks or registered marks of their respective owners and Biamp Systems is not affiliated with or sponsored by these companies.

ARCHITECTS & ENGINEERS SPECIFICATION

The fixed I/O DSP shall be designed exclusively for use with Tesira® systems. The fixed I/O DSP shall support Ethernet connection for programming and control on a RJ-45 connector. The fixed I/O DSP shall have internal DSP processing. The fixed I/O DSP shall include 4 channels of General Purpose Input and Output connection (GPIO) for sending or receiving logic signals. The programming of the GPIO ports shall be software configurable. The fixed I/O DSP shall include a RS-232 connection for control data transmission into or out of the fixed I/O DSP and such operation shall be software programmable. The fixed I/O DSP shall include a Universal Serial Bus (USB) connection on a standard USB-B type connector. The fixed I/O DSP shall be software configurable to stream up to 8 channels of digital USB Class 1 Audio transmission either into or out of the fixed I/O DSP or simultaneous input and output. The fixed I/O DSP shall support port authentication via IEEE 802.1X. The fixed I/O DSP shall provide 4 balanced input connections for receiving of microphone or line level analog audio signals on screw-down, removable connectors. The input connections shall include Acoustic Echo Cancellation (AEC) hardware and firmware, the parameters, routing and operation of which shall be software programmable. The fixed I/O DSP shall provide 4 balanced output channels for the transmission of microphone or line level analog audio signals on screw-down, removable connectors. Each individual channel shall have its own dedicated connection. The fixed I/O DSP shall integrate to Voice Over Internet Protocol (VoIP) systems on a RJ-45 connector for two lines of VoIP communication and shall support Session Initiation Protocol (SIP) v2.0 or later. The fixed I/O DSP shall integrate to standard telephony communications on a RJ-11 connector for a single line of telephone communication. The fixed I/O DSP shall provide front panel OLED identification of device power, status, alarm, and activity as well as system-wide alarm. The fixed I/O DSP shall be rack mountable (1RU) and feature software-configurable signal processing, including but not limited to: signal routing and mixing, equalization, filtering, dynamics, and delay, as well as control, monitoring, and diagnostic tools. The fixed I/O DSP shall be CE marked, UL listed, and shall be compliant with the RoHS directive. Warranty shall be five years. The fixed I/O DSP shall be TesiraFORTÉ® VT.

TESIRAFORTÉ VT BACK PANEL

DATA SHEET

TESIRA® TEC-1s AND TEC-1i ETHERNET CONTROL

TEC-1s and TEC-1i are remote controls for Tesira® and TesiraFORTÉ systems. They offer a simple, intuitive interface for end users and can be installed and configured to fit the unique needs of a particular application. The device connects via standard CAT-5/6/7 cabling and is powered over Ethernet, eliminating the need for custom cabling and local power sources. Multiple remote control panels can be connected over large distances using standard network technology. TEC-1s is designed to mount to a surface and includes a molded rear chassis with accommodation for cabling and for physically attaching the entire assembly to a surface. TEC-1i is designed to mount into a wall or surface without a rear chassis to ensure the smallest physical profile.

FEATURES

- Adjustment and/or initiation of 32 selectable system volumes and actions
- Volumes are any individual or grouped system levels, including inputs, outputs, matrix cross-points, etc.
- Actions are any individual or grouped system operations, including presets, source selection, mutes, ducking, combining, etc.
- Control functions are programmed in the Tesira system design software
- High contrast OLED display with a wide viewing angle
- The display brightness can be adjusted to fit the ambient light present in the application and automatically dims when not in use
- Capacitive touch technology eliminates protruding and moving parts to increase product reliability and longevity while simplifying cleaning
- TEC-1s surface mounts to any wall; multiple mounting options accommodate international back boxes
- TEC-1i flush mounts to any wall; mounts using the retrofit plate (included) or installs in a Raco® 254 box for North American installations (not included)
- 330' (100m) Ethernet cable length can be extended with standard PoE network technology (routers, switches, hubs, media converters)
- Connects with standard RJ-45 or IDC connector
- Covered by Biamp Systems' 5-year warranty

ARCHITECTS & ENGINEERS SPECIFICATION

The control panel shall provide programmable remote control of volume and selection functions for Biamp's Tesira and TesiraFORTÉ products. The control shall be a PoE network appliance with a graphical display and a capacitive touch scroll wheel for menu navigation and selection. The connection shall be made using a standard RJ-45 or IDC connector. The control shall be available as a surface mounted device that shall not require any type of electrical box be present for mounting and available in another form factor as an in-surface device without a backbox. The control shall be made from white PVC/ABS material with UV protection additive. Warranty shall be five years. The control panel shall be a Biamp TEC-1s for surface mount applications and TEC-1i for in-surface applications.

APPLICATIONS

Source Selection	Selection and level control of input sources for background music, such as CD player and auxiliary devices
Paging/Music	Zone page routing and music source selection with independent page/music volume control
Restaurant/Bar	Music source selection and room volume control, independent per zone, or in a single centralized control
A/V Conferencing	Individual source volume control and selection of room mode presets (i.e., conferencing or video playback)
Room Combining	Remote selection of room combinations, based on preset configurations or moveable partitions, with automatic combining of volume functions

TEC-1s SPECIFICATIONS

Dimensions	5.1"H x 4.7"W x 1.25"D (130mm x 120mm x 32mm)
Weight	0.5 lb (0.2kg)
Power Consumption	PoE+ (IEEE 802.3at Class 1, 4W)
Control Cable Requirements	Unshielded twisted pair (UTP) wiring, 100BaseT interface (CAT-5/6/7 Ethernet cable) using either RJ-45 or Insulation Displacement Connector (IDC)
Control Cable Length	330' (100m) Ethernet cable length can be extended with standard PoE network technology
Control Wiring Topology	Standard Ethernet network wiring
Control Programming	Each control configured for specific operation by the system design software
Compliance	RoHS Directive; CE; FCC

TEC-1i SPECIFICATIONS

Dimensions	6.22"H x 5.82"W x 0.5"D (158mm x 148mm x 12.7mm)
Weight	0.5 lb (0.2kg)
Power Consumption	PoE+ (IEEE 802.3at Class 1, 4W)
Control Cable Requirements	Unshielded twisted pair (UTP) wiring, 100BaseT interface (CAT-5/6/7 Ethernet cable) using either RJ-45 or Insulation Displacement Connector (IDC)
Control Cable Length	330' (100m) Ethernet cable length can be extended with standard PoE network technology
Control Wiring Topology	Standard Ethernet network wiring
Control Programming	Each control configured for specific operation by the system design software
Compliance	RoHS Directive; CE; FCC

TV Signage UR340C9 Series

LG UHD Signage for Live TV & Promotional Messaging

4K Ultra HD Resolution

Slim Design

Non Wi-Fi Model

Voice Recognition

UR340C9 Series

Sizes	86" / 75" / 65" / 55" / 50" / 43"
Screen Resolution	3,840 x 2,160 (UHD)
Operation Time	16 Hours / 7 Days
Brightness	330 nits (86"/75")
	400 nits (65"/55"/50")
	300 nits (43")
Built-in Speakers	10 W + 10 W

Ultra HD Resolution Delivers Superb Picture Quality

Ultra HD resolution is four times FHD for content that is vivid and highly detailed. In addition, the UR340C series supports HDR10 to deliver more intense color reproduction and deeper black levels that can improve image contrast.

Elegant Slim Design

The space-saving UR340C series is thinner than LG conventional* models making installation a breeze. In addition, its sophisticated ashed blue color can enhance the décor of the environment in which it's installed.

* 'LG Conventional' refers to the LG US340C series.

Advanced Welcome Screen

To provide a more personalized and welcoming experience, the UR340C series welcome screen features a broader range of programable greeting messages. And if no input signal is present, preset content can be displayed, avoiding the conventional "No Signal" message.

Customized Time Scheduler

The UR340C series features a time scheduler that allows you to program when the display is powered on to conserve power and extend product life.

Display Power Management Support

For more efficient power management, Display Power Management (DPM) can be configured to be powered on only when a TV signal is present.

USB Data Cloning

USB data cloning improves the efficiency of managing multiple displays by allowing you to transfer the data of one display to the other UR340C series displays using a USB drive.

* USB is not provided by LG. FAT32 or NTFS formatting is recommended.

Crestron Connected® Certified

For more efficient meeting management, the UR340C series has been certified by Crestron Connected®, providing seamless integration and automated control* in Crestron Connected® meeting rooms.

* Network-based control

LG's SuperSign* Makes Signage Control More Efficient

LG's SuperSign control software allows you to manage up to 100 displays through a single account and server, giving you remote control over power, volume. Firmware updates are also supported.

* LG SuperSign Control needs to be purchased separately.

DATA SHEET

MODENA™ HUB+

WIRELESS PRESENTATION HUB

Modena™ Hub+ is a wireless presentation hub that supports the new ways in which people are increasingly accustomed to working. Ideal for BYOD and BYOM spaces, Modena Hub+ allows participants to connect to meeting room AV equipment and USB accessories wirelessly, as well as enabling any participant to wirelessly receive its AV streams during a video conferencing session. Modena Hub+ supports most UC software and hardware devices, while enabling the user to wirelessly share content with other meeting participants. Modena Hub+ also connects to AV peripherals via USB and HDMI, and can support multiple USB devices via a standard USB hub or by connecting a Devio® SCR-20 or SCR-25.

FEATURES

- BYOM (bring your own meeting) allows users to enjoy Modena with any communications platform of their choice.
- Enjoy a client-free experience with your web browser
- Meet everywhere: with Modena Hub+, any place is a meeting room
- Enable a display to receive content by connecting a computer running the web or software client, or an Android dongle; or run the Android TV app directly on a smart TV
- All personal devices can send and receive presentations directly to the screen of participants' laptops, tablets, or mobile devices
- Configure Modena Hub+ for large teaching spaces and give everyone a perfect view using Auditorium mode, for up to 150 users
- Dual network capability separates guests from corporate wireless users for added security
- Covered by Biamp Systems' two-year warranty

ARCHITECTS & ENGINEERS SPECIFICATIONS

The wireless presentation hub shall be designed to connect web-based soft codec conferencing systems with in-room audio and video devices. It shall also allow multiple session participants to directly receive content from in-room audio/video devices on their compatible computing devices via the use of custom USB drivers. The wireless presentation hub shall connect to AV peripherals via a Universal Serial Bus (USB) connection using a standard USB 3.0 A-type connector. The wireless presentation hub shall be equipped with one High-Definition Multimedia Interface (HDMI) port on the rear panel. The wireless presentation hub shall connect to an Ethernet network via an RJ-45 connector to allow participants using client devices to join a shared session. The client devices shall operate using Windows, Mac OS X, iOS or Android operating systems and shall have installed the Modena Hub+ custom drivers and client software. The wireless presentation hub shall be CE marked, UL listed, and compliant with the RoHS directive. Warranty shall be 2 years. The wireless presentation hub shall be the Modena™ Hub+.

Vaddio Device Controller

Color touch panel

999-42300-000 (Worldwide)

Key Features:

- Compatible with all Vaddio products with modern web-based user interfaces
- PoE powered for simple installation
- Commercial-grade steel tabletop mount with category cable routing

The Vaddio Device Controller is a color touch panel designed to easily access web-based user interfaces of dozens of Vaddio connected devices like PTZ cameras, EasyIP peripherals, AV bridges and more.

Add the Vaddio Device Controller to a conference room, lecture hall or meeting space for video switching, camera position presets, volume control, and other picture adjustments - all at your fingertips.

The 10-inch touch screen is PoE powered, allowing for flexible placement in your professional AV installations. The included desktop mount is designed for secure cable management, modern aesthetics and optimal viewing angles.

When the Vaddio Device Controller is on the same subnet as the equipment you want to control, you can just tap the scan button on the touch panel and it will auto-discover connected devices.

DATA SHEET

TESIRA® HARDWARE DIALER 1 (HD-1)

The Tesira HD-1 is a dialer for Tesira server-class devices. Housed in a stylish piece of hardware, this control interface provides access to all of the dialing functions of Tesira, with the look and feel of a traditional telephone dial pad. The Tesira HD-1 makes installations less expensive, easier to commission, and less complicated to operate. The HD-1 is compatible with Tesira SERVER and SERVER-IO with STC-2 or SVC-2 cards installed, as well as TesiraFORTÉ TI, TesiraFORTÉ VI, TesiraFORTÉ AVB TI, and TesiraFORTÉ AVB VI devices.

BENEFITS

- Simple, intuitive design
- One-cable installation
- Configurable via Tesira software
- Access to all Tesira telephony functions
- Maintains the look and feel of a traditional enterprise phone

FEATURES

- Telephony control over Ethernet
- Power over Ethernet (PoE)
- LCD display
- 12-button dial pad
- Four navigation buttons
- 100 programmable speed dial numbers
- Redial, call volume adjustment, mute, hold, and numerous other telephony functions
- Covered by Biamp Systems' five-year warranty

ARCHITECTS & ENGINEERS SPECIFICATION

The hardware dialer shall be designed exclusively for use with Tesira® server-class devices. The dialer shall provide call initiation and termination functions for Biamp Tesira products. The dialer shall be PoE powered. The dialer shall use a single network interface for all communication, configuration, and control via a standard RJ-45 connector. The dialer shall have an LCD display screen. The dialer shall have a 12-key dial pad and shall include support for call volume adjustment, call mute, call bridging, on and off hook, hold, and redial last number. The dialer shall support 100 programmable speed dial numbers and feature scroll up/down, phone line 1 and phone line 2 buttons, flash, and 4 navigation buttons. The dialer shall be compliant with the RoHS directive. Warranty shall be five years. The hardware dialer shall be the Tesira HD-1.

TESIRA HD-1 SPECIFICATIONS

Network Connection:	RJ-45 with Ethernet cable (CAT5, CAT5e, CAT6, or CAT7)	Display:	2.7 inch (69 mm) LCD
Data/Control Cable Length:	Up to 330ft (100m)	Buttons:	29 total – 12-key standard dial pad, 4 navigation buttons, 13 dedicated buttons
