Dear Ms. Nicole Milovich-Walter,

November 2023 is *Native American Heritage Month*. This month is a time to honor, learn and celebrate about the diverse cultures, traditions, and contributions of American Indians, Alaska Natives, Native Hawaiians, and Island communities. I am requesting that you and your community adopt the enclosed proclamation, making the month of November Native American Month.

The National Society Daughters of the American Revolution, along with its local chapters, such as the Swallow Cliff Chapter in Palos Heights, supports the celebration of Native Americans each year. The American Indians Committee is entrusted to the continuing education of the history and culture of this community as well as the support of the educational and cultural pursuits of its citizens. Meeting of: October 23, 2023

Kaptur Administrative Center

AGENDA MATTER:

PC 2023 – 03: The Village of Palos Park is requesting consideration of Text Amendments to the Village Code as follows:

1. Amend Section 1274.02(a) Permitted Uses in the B-1 Limited Retail Business District, and
2. Amend Section 1274.03(a) Permitted Uses in the B-2 General Retail and Wholesale Business District, and
3. Amend Section 1278.02 Permitted Uses; Council Authority regarding Special Uses

BACKGROUND:

The Village is continually reviewing and updating its Code, including the zoning regulations found therein. The Village Council has requested an overall review and update of the zoning regulations section of the Code and that review and study is underway. At the August 28, 2023 Village Council meeting, the Council authorized the Plan Commission to consider potential text amendments regarding Permitted Uses in the B-1 and B-2 zoning districts and Special Uses in the Village.

Permitted Uses are uses that are allowed “by-right” and do not require any special approval by the Village. A Special Use is a use that is generally allowable in a zoning district, but the use may have some special characteristics or external effects that require additional review and approval by the Village.

While the Village is currently working with a consultant on a larger Code update project, the Village feels a review of Permitted Uses in the business districts, and of the allowed Special Uses would be pertinent at this time.

The Village Council considered this item at the October 9, 2023 meeting; and continued the item to the October 23, 2023 meeting.

The proposed text amendments, as per the Plan Commission’s recommendation, are generally as follows:

- B-1 District
 - Remove the following uses: Art galleries, dwelling units, furriers, haberdashery, newsstands, notion stores, and telegraph office.
 - Additionally, remove reference to medical clinic from the office use description.
- B-2 District
 - Remove the following uses: blueprinting, billiard and pool rooms, bowling alleys, dance halls, gyms, bookbinding, meeting halls for clubs, garages, glass cutting, loan offices, plumbing

- showrooms, theaters, and undertaking establishments.
 - o Additionally, the following is added: that boat showrooms are allowed provided it is a part of boat sales and service, and add an office supply and service store use.
- Special Uses
 - o Remove the following uses: airport field or landing strip, off street parking areas and garages and railroad ROW.
 - o Add the following: art galleries and studios (in the B district only)
 - o Additionally, modify the following: cemetery related uses not allowed in B district; churches and religious uses not allowed in B district; cultural arts center allowed in R district only; mental health institutions not allowed in B district; nursery school not allowed in B district; public buildings allowed in R districts only; parks and playgrounds allowed in R district only; rest homes/nursing homes in R-5 district only.

While there are numerous policy provisions contained in the Village Code, and in its Zoning sections, the proposed amendments will clarify certain provisions, correct contradictory language, and make changes on certain provisions that are designed to protect the integrity of existing Business Districts by tightening the allowed, and special uses that will apply within those districts.

STAFF RECOMMENDATION:

The staff recommends approval of the proposed text amendments to the Village Code.

PLAN COMMISSION RECOMMENDATION:

The Plan Commission held a public hearing and discussed the requested text amendments at its September 21, 2023 meeting and recommended approval (7-0) of the majority of the proposed text amendments with some modifications from the initial staff proposal (art gallery as special use, allow office supply use in B districts, eliminate airport as special use, keep amusement center as special use). The Plan Commission took additional votes regarding the dwelling units (not on the first floor) in the Business Districts. On a motion to remove dwelling units (not on the first floor) as a permitted use in the B districts, the motion to recommend approval passed 4-3. A separate motion to have dwelling units (not on the first floor) as a Special Use in the B districts, the motion *failed* on a 3-4 vote. There were two members of the public who spoke during the public hearing, regarding clarifying what the proposed amendments were, and also not supportive of allowing dwellings in the B districts.

The attached Ordinance (as well as the transmittal of recommendation) reflects the recommendations of the Plan Commission.

RECOMMENDED MOTIONS:

I move to approve Ordinance 2023-20 "An Ordinance Amending Part Twelve, Title Six, Chapter 1274, Sections 1274.02 And 1274.03, And Part Twelve, Title Six, Chapter 1278, Section 1278.02, Of The Palos Park Village Code In Regard To Permitted And Special Uses In The B-1 And B-2 Zoning Districts."

EXHIBITS: 1. Proposed Text Amendments

PUBLIC HEARING NOTICE: The notice for this hearing was published in *The Daily Southtown* on September 1, 2023 in accordance with the Village Zoning Ordinance.

PUBLIC COMMENT: At this time, one resident contacted staff to discuss the proposed text amendments.

ANALYSIS

BACKGROUND

The Village is continually reviewing and updating its Code, including the zoning regulations found therein. The Village Council has requested an overall review and update of the zoning regulations section of the Code and that review and study is underway. At the August 28, 2023 Village Council meeting, the Council authorized the Plan Commission to consider potential text amendments regarding Permitted Uses in the B-1 and B-2 zoning districts and Special Uses in the Village.

Permitted Uses are uses that are allowed “by-right” and do not require any special approval by the Village. A Special Use is a use that is generally allowable in a zoning district, but the use may have some special characteristics or external effects that requires additional review and approval by the Village.

While the Village is currently working with a consultant on a larger Code update project, the Village feels a review of Permitted Uses in the business districts, and of the allowed Special Uses would be pertinent at this time.

REVIEW AND ANALYSIS

Exhibit 1, attached, contains a full detail of proposed Text Amendments for Section 1274.02(a) regarding B-1 permitted uses; Section 1274.03(a), B-2 permitted uses; and 1278.02 regarding the allowable (“permitted”) Special Uses. In the attached exhibit proposed eliminations from the Code are shown in ~~striketrough text~~ and proposed additions are underlined.

A brief summary of the proposed changes is as follows:

- **Section 1274.02(a), B-1 Permitted Uses**
 - The following uses are proposed to be eliminated from the B-1:
 - Art galleries and studios
 - Dwelling units, provided they are located above the first floor and above a permitted business use and provided they are not on the ground floor of business buildings or in the rear of business establishments on the ground floor
 - Furriers, when conducted for retail trade on the premises only
 - Haberdashery, retail only
 - Newsstands
 - Notions stores
 - Telegraph offices
 - The office use is proposed to be modified. The Code *currently* reads as allowing “Offices, professional and business, including medical clinics”. However, medical clinics are listed as a Special Use in Section 1278.02 of the Code (“Clinic or Medical Center”). The proposed text amendment would correct this conflict by removing reference to medical clinic as a permitted use in the B-1. Due to the nature of this use, it should be regulated as a Special Use.

- **Section 1274.03(a), B-2 Permitted Uses**
 - The following uses are proposed to be eliminated from the B-2:
 - Blueprinting and photostating establishments
 - Billiard and pool rooms, bowling alleys, dance halls and gymnasiums
 - Bookbinding
 - Clubs and fraternal organizations, meeting halls
 - Exterminating shops
 - Garages, public, for storage of private passenger automobiles and commercial vehicles under one and one-half ton capacity
 - Glass cutting and glazing establishments
 - Loan offices, when located above the first floor and above a business use permitted in this section
 - Plumbing showrooms without shop or repair facilities
 - Theaters, indoor
 - Undertaking establishments
 - Note: several of the above uses involve public gathering-type uses (billiard and pool rooms, club and fraternal meeting halls, theaters) and these are generally listed as Special Uses in Section 1278.02 of the Code (“Auditorium, Stadium, Arena, Armory, Gymnasium and Other Similar Places for Public Events”, “Municipal or Privately Owned Recreation Building or Community Center”). Due to the nature of these uses, they should be regulated as Special Uses.

- **Section 1278.02, regarding allowed (“permitted”) Special Uses**
 - Cemeteries, Crematories or Mausoleums – modify so as to not allow in a B district
 - Churches, Convents, Rectories and Monasteries – modify so as to not allow in a B district
 - Cultural Arts Center – modify to only allow in an R district. Alternatively, the proposed amendment could be to allow in any district other than a B district or remove entirely.
 - Institutions for the Care of the Mentally Ill, Public or Private – modify so as to not allow in a B district
 - Off-Street Parking Areas and Parking Garages as the Primary Use of the Property – eliminate entirely
 - Public Buildings, Including Art Gallery, Post Office, Library, Museum or Similar Structures – amend to allow only in R districts (currently all public buildings, other than the post office, are in an R zoning)
 - Public or Private Park or Playground – amend to allow only in R districts (currently all parks and playgrounds are located in an R zoning)
 - Public or Privately Owned and Operated Fairgrounds, Permanent Carnivals, Kiddie Parks or Other Similar Amusement Centers – propose to eliminate entirely
 - Railroad Right-of-Way – propose to eliminate entirely (not necessary to have as a Special Use)
 - Rest Homes and Nursing Homes – amend to allow in the R-5 only (this would match the regulations involving a similar use, Assisted Living Residences, which are only allowed as a Special Use in the R-5)

RECOMMENDATION

The staff recommends *approval* of the proposed text amendments to the Village Code as per the attached exhibit.

RECOMMENDED MOTION

I move to recommend that the Village Council approve the proposed text amendments to the Village Code as per the exhibit attached to the staff report.

Alternatively, a motion may be made to continue the Public Hearing to the next regularly scheduled meeting to consider revisions to the proposed text amendments based on Plan Commission discussion.

As Halloween approaches, the Palos Park Police Department would like to share safety tips to help remind residents it's important to remember to stay safe while having fun. 🍁: Let's make this Halloween a safe and enjoyable experience for everyone. Remember, safety is a shared responsibility!

For many children, Halloween is one of the most anticipated nights of the year — and it's easy to understand why. After all, when else do they get to dress up as their favorite character, collect candy to their heart's content, and stay up past their bedtime?

📣 Keep Halloween Safe! 📣

1. When shopping for costumes, wigs, and accessories look for and purchase those with a label clearly indicating they are flame resistant. 🧑‍🎃🧑‍🎃
2. If a sword, cane, or stick is a part of your child's costume, make sure it is not sharp or too long. A child may be easily hurt by these accessories if he stumbles or trips. 🗡️🚫
3. Do not use decorative contact lenses without an eye examination and a prescription from an eye care professional. While the packaging on decorative lenses will often make claims such as "one size fits all," or "no need to see an eye specialist," obtaining decorative contact lenses without a prescription is both dangerous and illegal. This can cause pain, inflammation, and serious eye disorders and infections, which may lead to permanent vision loss. 👁️👁️
4. Small children should never carve pumpkins. Children can draw a face with markers. Then parents can do the cutting. 🍁🔪
5. Consider using a flashlight or glow stick instead of a candle to light your pumpkin. If you do use a candle, a votive candle is safest. 🕯️

-Slow down and be especially alert in residential neighborhoods. Children are excited on Halloween and may move in unpredictable ways.

-Drive slowly, anticipate heavy pedestrian traffic and turn your headlights on earlier in the day to spot children from greater distances.

To the right, there is a section titled 'ULTIMATE HALLOWEEN SAFETY CHECKLIST' with a list of ten items, each preceded by a small square checkbox. The background of the checklist section is dark with a subtle pattern of stars and bats.

Heading out to a Halloween party? Before the fun starts, decide how you'll get home! One drink or hit can impact your ability to drive safely and make responsible decisions. Planning ahead will help keep you and others safe. The Palos Park Police Department is reminding motorists to commit to sober driving this Halloween when children and their families will be walking through neighborhoods after dark in search of candy.

On October 31st millions of children flood neighborhoods to walk door-to-door collecting candy, usually at dusk, historically the most dangerous time of day for pedestrians. They wear costumes that in some cases are not very visible and masks that can restrict peripheral vision. Teenagers and adults celebrate Halloween, too. And many drink alcohol while doing so.

Please Be alert for trick-or-treaters on Halloween. Slow down and continue to scan the road in areas where they are likely to be or where sight distances are limited. On Halloween there will likely be more pedestrians on the roads and in places where they are not expected. Slower speeds save lives. Stay alert for pedestrians who may come out from between parked cars or behind shrubbery. Stop and wait for them to pass. Don't look at your phone when you're driving. Your attention needs to always be on the road. If you see a potentially impaired driver on the road, contact law enforcement.

- Plan a safe way to get home before you attend a party.
- Designate a sober driver, take public transportation, use your favorite ride-sharing app, or call a sober friend or family member to get home.
- Walking while impaired can be just as dangerous as driving impaired. Designate a sober friend to accompany you home.
- If you see an impaired driver on the road, contact local law enforcement as soon as it is safe to do
- If you see an impaired person about to drive, take their keys and help them get home safely.

Every October, Palos Park Police & individuals from across the nation and around the world unite with the powerful message that bullying should never be a part of childhood.

Palos Park Police Commissioner Dan Polk encourages all to stand up to bullying, Polk noted the statistics are staggering. "Nationally more than 3.2 million students are victims of bullying each year. 71% of students report incidents of bullying as a problem at their schools. Bullying negatively impacts all youth involved including those who are bullied, those who bully others, and those who witness bullying, known as bystanders. More than 1 in 6 high school students reported being bullied electronically in the last year." Commissioner Polk noted.

Police Chief Joe Miller, who has taught school for over twenty years said, "Part of keeping kids and communities safe is preventing bullying. Bullying can be physically and psychologically damaging and have lifelong effects, including anxiety, depression, and suicidal tendencies. Words can hurt, but they can also help. We all have the power to make a difference by stopping bullying when you see it. At one time bullying was considered a rite of passage, we all now see bullying as a devastating form of abuse that can have long-term effects on victims, robbing them of self-esteem, isolating them from their peers, causing them to drop out of school, and even prompting health problems and suicide."
