

Support Services Agreement 2022-2023

Customer: Village of Palos Park, IL

Concentric Job Number: 220234.00

Concentric Integration, LLC (Concentric) agrees to enter into a support agreement with the Customer to provide support services based on the "Services" indicated below and in agreement with the Terms & Conditions and Service Definitions.

Services & Fees

- Fixed Fee Services indicates a fixed scope as described in the attached Service Definitions. Since the scope is negotiated upfront, we are able to establish this price at the beginning of the contract.
- Time and Material (T&M) Services denotes a variable scope determined by the Customer. T&M Services are requested on a case-by-case basis and are approved by a responsible representative of the Customer. Monthly invoices will be sent for T&M Services as they are used. Labor will be billed on the basis of our standard hourly billing rates for actual work time performed plus reimbursement of out-of-pocket expenses including travel costs. Labor rates differ for Concentric staff members.
 - The hourly rate charged is the same for regular hours, after hours, emergency service, weekend, holiday, and overtime.
 - There is no minimum call-out charge during normal business hours. There is a 1.0 hour minimum charge for after-hours emergency support.
 - Mileage for travel is billed at the IRS approved amount as calculated from the employee's office location to site visited during normal business hours, or from deployment location to the site visited for urgent service.
 - Travel time is charged at the same hourly billing rate indicated on the rate sheet.
- Please see the attached Rate Sheet for our current hourly billing rates. Please note that the rates listed on the attached rate sheet are our current rates and may increase during the term of the project.

Fixed Fee Services

Project Management

Plan, schedule, and coordinate the activities that must be performed to complete the project and provide support services.

Proactive Maintenance

If included, all services described within this section will be provided by Concentric for the specified fee regardless of actual hours of work performed. Proactive Maintenance is provided for hardware that appears in the Hardware List included in this Agreement.

If included, Concentric will monitor certain aspects of the IT infrastructure, as well as perform periodic routine scheduled maintenance (detailed in the following tables) in order to minimize unexpected system shutdowns by resolving issues before they reach a critical nature. Upon completion of the scheduled service, Concentric will provide written confirmation the service was completed.

Scheduled services will be provided during Standard Hours if service does not significantly impact network performance. Scheduled services that may significantly impact network performance, and are not urgently needed to maintain network security, will be scheduled during other hours as agreed upon by Concentric and the Customer. Standard Hours are considered Monday – Friday 7:30 am to 5:00 pm, excluding major holidays.

Concentric monitors certain core infrastructure components continuously using our remote support toolset. If problems are detected, labor to repair falls under "Minor IT Troubleshooting" below. There may be times where the cost to repair a component is greater than the cost to replace, and we will discuss this with you and recommend replacement if that situation occurs. We require that supported devices have active manufacturer support contracts (warranties) in place prior to the agreement starting. If needed, these support contracts can be included in the Third-Party Support Renewals section below.

Core Infrastructure Maintenance	Service Frequency:	
	N/A	Continuous
Server Monitoring <ul style="list-style-type: none"> Monitor for issues that may arise. 	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Backup monitoring <ul style="list-style-type: none"> Monitor the success of the backups. 	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Network Monitoring <ul style="list-style-type: none"> Monitor routers and switches to confirm that network traffic is moving properly. 	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Firewall Monitoring <ul style="list-style-type: none"> Monitor security logs and configurations for suspicious activity. 	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Workstation Monitoring <ul style="list-style-type: none"> Monitor workstations for issues that may arise. 	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Automated Maintenance <ul style="list-style-type: none"> Automated maintenance and solutions applied to servers and workstations as follows: <ul style="list-style-type: none"> Free disk space Monitor and restart Windows Services (when appropriate) 	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Patch Management <ul style="list-style-type: none"> Monitor and manage patch levels to ensure desktops and servers are kept up to date. Schedule "off hours" or agreed upon time for system maintenance (includes server reboots) to apply system and hardware related patches. 	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Application Monitoring <ul style="list-style-type: none"> Monitor access to SCADA services, email availability, SQL Database, and Remote Desktop Services. 	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Endpoint Security <ul style="list-style-type: none"> Apply a security management system to the network, including antivirus, antispysware, and anti-malware management. 	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Minor IT Troubleshooting <ul style="list-style-type: none"> Minor Remote IT Troubleshooting consists of providing remote/phone support for minor IT (not SCADA) issues that can be resolved remotely, generally related to software issues. Minor troubleshooting is defined as remote support services under two (2) hours and not needing an onsite visit. These services are included in the support contract. If a hardware or other similar issue requires a site visit to resolve, that work will be covered under T&M Services and billed separately for based on time spent. 	<input type="checkbox"/>	<input checked="" type="checkbox"/>

The following table details the SCADA-specific proactive services included under this Support Agreement, and at what frequency:

Proactive Maintenance	Minimum Service Frequency:			
	N/A	Quarterly	Twice Annually	Annually
PLC, OIT, & Control Panel Maintenance: <ul style="list-style-type: none"> • Check functionality of Control Panel UPS • Back Up Programs • Check Status of Fuses, Circuit Breakers, & Surge Protectors • Check Control Panel Thermal Management • Check for Environmental Issues with Water, Moisture, Dirt, Dust, etc. • Check for published PLC vulnerabilities and recommend upgrade (to be implemented using T&M Services) 	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Radio and Cellular Router Maintenance: <ul style="list-style-type: none"> • Check signal strength and back up configuration 	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
SCADA Alarm Testing: <ul style="list-style-type: none"> • Manually test critical alarms (up to 50) from SCADA to ensure they continue to work properly 	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
SCADA Patching: <ul style="list-style-type: none"> • Apply security related updates and patches to SCADA software (excludes full version upgrades, which are handled under T&M Services) 	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
Documentation: <ul style="list-style-type: none"> • Verify & Update Network Diagram 	<input checked="" type="checkbox"/>	N/A	N/A	<input type="checkbox"/>

Technology & SCADA Budget Planning

Budgeting for SCADA and related technology items can be used to help prioritize and guide decisions and overall budget planning for capital improvements. Concentric believes that providing advanced notice (where possible) of recommended equipment, software, security, and communications improvements will provide a much more effective planning and implementation cycle. When this service is selected, our senior level design staff intentionally review the system architecture to determine the risk and benefit of both inaction or selected improvements. Our staff discusses the recommended improvements, phasing, and costs with you and then provides a letter and prioritized table of recommended improvements that summarize the costs of the recommended initiatives.

Third-Party Support Renewals

The supported system includes hardware and software that may have applicable support and extended warranty agreements that are provided by a third party, such as the manufacturer or vendor/supplier. Once the initial installation's support/warranty period has expired, it is recommended that these

agreements are maintained and renewed on a regular basis. If listed in the Included Services & Fees section of this agreement, Concentric will provide the renewals listed in the Third-Party Support Renewal list on Page 10.

Time & Materials (T&M) Services

Break – Fix (Repairs)

Provide as-needed services not included in minor services. This service will be provided 24 hours a day, 7 days per week for the length of this agreement regardless of standard working hours. Concentric's daytime and after-hours phone number is 815-788-3600. Concentric staff typically answers the phone during standard business hours. A call center answers the phone after hours or when staff is not available to answer. Concentric will return any phone calls for urgent service within 30 minutes from when the phone call is placed, and dispatch a staff member within 60 minutes if a site visit is required.

Improvements

Occasionally, staff identify small changes to the system that can have large impacts on operational efficiency, safety, and quality. These improvements can be easily designed and built without use of Consulting & Design services.

Consulting & Design

Through consulting and design, a system can be effectively maintained, improved, and upgraded. This service will provide for retained smaller project design services as it relates to IT infrastructure, instrumentation & controls, and Supervisory Control and Data Acquisition (SCADA).

Hardware List

If Proactive Maintenance is included as part of this Support Services Agreement, Concentric will proactively support the following hardware:

Hardware Description	Location	Quantity
Server	Main Pump Station	1
Firewall	Main Pump Station	1
Workstation	Main Pump Station	1

Third-Party Support Renewals

If Third-Party Support Renewals are included as part of this Support Services Agreement, renewals will be processed as listed in the table below:
