

**AN INTERGOVERNMENTAL COOPERATION AGREEMENT
BETWEEN THE ALSIP PARK DISTRICT AND THE VILLAGE
OF PALOS PARK PERTAINING TO THE CAL-SAG TRAIL
(ALSIP PARK DISTRICT/PALOS PARK SEGMENT)**

This Intergovernmental Cooperation Agreement (the "Agreement") is entered into this 8th day of June, 2015, by and between the Alsip Park District (the "Park District") and the Village of Palos Park (the "Village") pursuant to the provisions of Article VII, Section 10, of the Illinois Constitution and the Intergovernmental Cooperation Act, 5 ILCS 220/1, *et seq.*

In consideration of the premises set forth below, and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Park District and the Village agree as follows:

1. The Park District agrees to act as the local agency for the Cal-Sag Trail (Alsip Park District/Palos Park Segment) IDOT Project Number CMM-TE-00D1(911), Section Number 13P4000-00-BT, and Job Number C-91-239-13 (the "Project"). Construction shall be pursuant to plans prepared by AECOM (the "Engineer"), with Project funding utilizing a combination of CMAQ and Enhancement Federal dollars, which requires a 20% local match of the engineering and construction costs.

2. The Village agrees to pay an amount equal to 52.8% and the Park District agrees to pay an amount equal to 47.2% of the local match based upon actual engineering and construction payouts made to the Engineer and the contractor after approval of those invoices by the Illinois Department of Transportation (the "IDOT"). The estimated engineering cost for the Project is \$187,766.00 with the local match portion of that being \$37,553.20, of which the Village shall pay \$19,828.00 and the Park District shall pay \$17,725.20 as their portion of the engineering cost.

The estimated construction cost for the Project is \$2,370,174.00 with the local match portion of that being \$474,034.80, of which the Village shall pay \$250,280.00 and the Park District shall pay \$223,754.80 as their portion of the construction cost.

The actual amounts paid for the local match portions by the Park District and the Village are subject to final adjustment upon the completion of the Project based upon the above local match sharing percentages, the estimated engineering cost and construction cost being subject to final adjustment. The Village agrees to pay or reimburse its portion of the Project engineering and construction costs within fifteen (15) days after billing from the Park District as engineering and construction progress payments are made on the Project. The Park District agrees to comply with all provisions required by the grant funding documents for the Project.

3. The Park District agrees to notify IDOT in the event that there are any construction deficiencies on the Project and to cooperate with the Village for completion of the Project within the specifications prepared by the Engineer.

4. The Village grants permission to the Park District and to the Project contractors to construct the Project. The Park District agrees that all contractors involved in the Project will be required to hold harmless and indemnify to the Village, and its officers, elected officials, employees and agents, and to name the Village, and its officers, elected officials, employees and agents as additional insured, and issue a certificate of insurance to the Village.

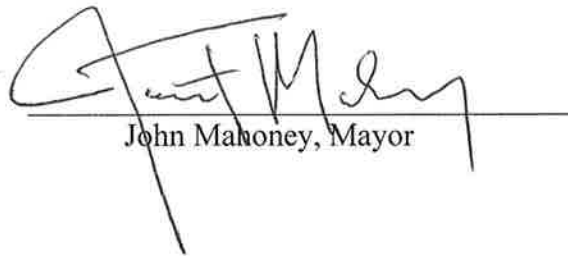

5. Upon completion of the construction and the warranty period, the Park District shall be responsible for the maintenance of the Project lying within the Park District boundaries, and the Village shall be responsible for maintenance of the Project lying within the Village boundaries as required by IDOT.
